CITY OF KINGSTON, N. Y., FRIDAY EVENING, JANUARY 9, 1959

PRICE SEVEN CENTS

Supervisors Discuss Safer Quarters  
School Advisory Committee Completed

25 Named  
From City  
Thursday  
Will Sit With 25  
Rural Spokesmen;  
To Meet Jan. 15th

A committee of fifty to serve as an advisory body to the enlarged city school district was rounded out Thursday evening at the January meeting of the board of education.

The board approved appointment of 25 members who will join another 25 named Wednesday night at a meeting of the rural advisory committee on consolidation.

The committee will meet with the board of education once a month. It will be consulted on many questions, such as bond issues, selection of architects, etc.

**First Meeting Jan. 15**

The first meeting will be held at 7:30 p. m. Thursday, Jan. 15, in the Kingston High School library. There will be a special meeting of the board of education following the committee session.

The following were named to represent the city:

Frank Adams, 82 Crane Street; the Rev. Kenneth N. Alexander, 29 Pearl Street; Rabbi Herbert I. Bloom, 192 Clinton Avenue; Mrs. Peter Corsones, 194 Fair Street; G. Herbert DeKay, 272 North Manor Avenue; the Rev. Edward I. Farrelly, 166 Broadway; Bernard Feeney, 622 Delaware Avenue; N. Jansen Fowler, 17 Wilkie Avenue; Mrs. Harry Gold, 26 Mountain View Avenue; Richard Kalish, 73 Highland Avenue; Albert Kurdt, 190 Tremper Avenue; Henry Halterman, 299 Main Street.

Also, Victor Mahoney, 147 Linderman Avenue; Mrs. Edith Case Murphy, 255 Pearl Street; Keron O'Neil, 12 Mountain View Avenue; Samuel Perry, 54 Abury Street; Lawrence Quinn, 43 Green Street; Mayor Edwin Radel, ex officio, city hall; Harry Rigby Jr., 56 Plymouth Avenue; Mrs. John Rowland, 224 West Chester Street; James K. Ryan, 25 Van Deusen Street; John Schwenk, 85 Dunneman Avenue; Henry Singer, 118 Foxhall Avenue; Mrs. June VanDerZee, 65 East Pierpont Street; Richard Wood, Sharon Lane; and George E. Yerry Jr., 133 Highland Avenue.

**Rural Advisers**

Representing the rural portion of the enlarged district:

Oakley Maynard, Port Ewen, Esopus No. 1; Sol Rosenthal, Ulster Park, Esopus No. 2; John Loughlin, Esopus, Esopus No. 3; Edward Cochran, Ulster Park, Esopus No. 4; William Meyer, St. Remy, Esopus No. 5; Edward Whitaker, RD. 2, New Paltz, Esopus No. 6; Arthur Withall, Rf. (Continued on Page 6, Col. 7)

Says 227 Years  
Needed to Pay  
For Sprinklers

Installation of sprinklers throughout the city school system would cost an estimated \$227,000, George Schneider, chairman of the building committee, reported to the board of education at its January meeting Thursday evening.

He said that to get back this cost in insurance savings would require "227 years," a comment which brought laughter to board members and a number of visitors.

President Robert H. Herzog pointed out that solid brick buildings carry low insurance rates. He said most architects feel it is unnecessary to install sprinklers throughout an entire school and recommend installation only in certain spaces, such as the stage and boiler rooms.

The board voted to pick up the option to 6.8 acres adjoining the Tillson School at a cost of approximately \$10,000. The land is needed for additions planned for the present school plant.

Dr. Earl F. Soper, superintendent of schools, reported that he had asked for a price on the property of Michael Corcoran in (Continued on Page 15, Col. 7)

Trial Date Set for Feb. 3

Ashby Faces Other  
Count of Perjury

Edwin W. Ashby, Ulster County Commissioner of Jurors, indicted Dec. 11 on a first degree perjury charge today was charged with another perjury count in an amended indictment returned by the special grand jury investigating alleged kickbacks.

Ashby, in a superseding indictment, was charged with second degree perjury and Supreme Court Justice Henry Clay Greenberg set trial for Feb. 3, pending filing of motions by Ashby's counsel, Attorney Paul Rosen of Poughkeepsie.

Chichester Gets  
CD Pipe to Help  
As Line Freezes

Emergency steps were in progress today and yesterday to supply a section of Chichester with water after freezing of a reservoir line Wednesday.

Water has been pumped from a creek since frost stopped the reservoir flow, and a county health department report said today that civil defense pipe will be trucked in from Windgate, Dutchess County.

**Its First Freeze**

The line, said to have frozen for the first time since it was installed, extends from what is known as the upper Chichester supply. It was built years ago to serve the Schwarzwaldler furniture plant and several homes near it.

Another reservoir in the area, known as the lower supply, was (Continued on Page 6, Col. 7)

To Clear Combustibles  
From School 2 Cellar

A plea by a group representing the Parent-Teacher Association of School No. 2 resulted in a decision by the Kingston Board of Education Thursday evening to remove materials, some of them combustible, now stored in the school basement.

Appearing before the board were Mr. and Mrs. John Rowland and Mrs. Ernest Ryan for the school.

The board agreed to clean up the basement, now used as a storage area by the city school system, and to seek space elsewhere.

The quest for space will be made by the board's building committee headed by George Schneider.

proceeds of checks allegedly paid him by Frank Buckley, deceased, a Troy snow removal equipment dealer.

The first count of the indictment charges Ashby received checks totaling \$19,000 during the years 1951 to 1956 from Buckley. Ashby allegedly told the jury the money was given to him for "bird dogging" which was explained as furnishing leads on municipalities in Ulster County where snow removal equipment could be sold.

Special Assistant Attorney General Bernard Tompkins, in charge of the kickbacks probe charged today that Ashby contradicted himself in testimony before the special grand jury on Oct. 2, 1958 and Oct. 27, 1958.

**Lists Six Checks**

Tompkins charged that Ashby in testimony before the grand jury on Oct. 2 said he received, cashed and kept most of the proceeds from checks payable to him and drawn by Buckley from Dec. 6, 1951 to May 6, 1955. Tompkins listed six checks in that time period totaling \$15,500.

The prosecutor charged Ashby on Oct. 2, said he cashed and kept the proceeds of those checks and that specifically a check dated March 19, 1954, for \$4,200 was approximately \$1,000 more than the amount due Ashby.

Tompkins claimed Ashby testified that he brought approximately \$2,200 back to his Kingston residence "kept it in a desk drawer in his home, and used it to pay personal bills and expenses."

**Says Story Changed**

Ashby, Tompkins charged returned before the special grand jury on Oct. 27 and testified that he did not keep any of the proceeds from those checks, but that after he cashed them he returned the proceeds to Buckley in Troy including proceeds of the \$4,200 check.

Ashby also denied on Oct. 27, Tompkins said, that he had ever performed any "bird dogging" (Continued on Page 2, Col. 5)

Pell Coming Here  
For Fete Opening

John H. G. Pell, chairman of the Federal Hudson-Champlain Celebration Commission, will attend the luncheon here on January 20 launching New York's Year of History.

The invitation was extended by the Ulster County Committee for the celebration through Senator Ernest I. Hatfield, chairman of the Temporary State Commission on Historic Observances.

The city and county celebration committees are working feverishly making plans for the January 20 program.

Fifteen senators, representing the 10 original New York State counties, will be in Kingston to celebrate the 182nd anniversary of the first Senate session here.

The senators, under the co-chairmanship of E. Ogden Bush and Ernest I. Hatfield, will convene in the same Senate House room where Governor George Clinton presided over the first session of the first Senate on Sept. 10, 1777.

1,900 Births Are  
Recorded During  
1958 in Kingston

An even 1,900 births were recorded by the city registrar in 1958. This included 17 sets of twins, 10 of which were born at the Benedictine Hospital which also experienced the birth of triplets during the year. Five of the 10 sets of twins and the triplets were born at the hospital in August. The hospital reported 1,118 of last year's total births.

Last year's total recorded by the registrar was 66 above the 1957 total. Of the 1,900 births recorded last year, 1,214 were non-resident and 686 were city births. Kingston Hospital recorded 780 births in 1958.

The 1957 total recorded was 1,834, of which 1,122 were non-resident births.

This year began with the birth (Continued on Page 6, Col. 1)

Traveling  
Of Pupils  
Discussed  
Regulations Are  
Fully Discussed

The matter of school transportation in the enlarged city district, bristling with complex problems, was discussed at length Thursday evening by the board of education.

Supervisor of Transportation Reginald Russell, who is principal of the Chambers School, was present and submitted a statement of transportation policy and regulations which was approved by the board.

**Problem At Start**

Russell told the board he had run right smack into a problem as consolidation became effective January 1.

This involved an emergency situation at the Zena School due to the freezing of its sanitary facilities during a cold spell.

The school's 19 children had to be transferred to the Lake Katrine School.

In order to do this a small feeder bus (10 passengers), owned by Fred Ohl of Safeway Transit, Inc., scours around the Zena countryside picking up children and taking them to the Zena School where a larger bus meets them and transports the children to Lake Katrine.

**Discuss Safety**

The question of the safety of children who must walk along highways was raised.

Chris Larios, president of the Hurley School board of education, explained that Hurley was picking up all its children, even those who reside less than a mile from the school, because it doesn't want them walking along Route 209.

Others pointed out that major highways such as Route 9W and Route 32 were dangerous in certain areas.

Larios said he felt it is the board's responsibility to see that children reach their schools safely.

It was suggested that a patrolman might be hired but the board explained that it is not able to employ a patrolman for duty off school property.

Dr. Earl F. Soper, superintendent of schools, pointed out that routes might be set up tentatively and bids asked on them. If the cost proves to be too much it might be possible to modify the rules. He suggested tentatively that even the one-mile limit on transportation might prove to be prohibitive in its cost.

It was his feeling that the board should first determine what the cost of transportation will be, then seek other or additional remedies to assist children who are walking to school.

**Suggests Constables**

Kenneth Wakely of Tillson suggested that the board might ask the various towns to supply constables to assist with traffic, thus passing along some of the financial burden to the towns.

Russell points out in his statement on policy and regulations that transportation is now a (Continued on Page 15, Col. 6)

(AP Photo by radio from Paris)

Congress Hears Annual Message

Safety of Nation  
His Prime Desire

WASHINGTON (AP)—President Eisenhower today challenged the heavily Democratic new Congress to meet the Communist threat by living within his 77-billion-dollar budget and working toward tax relief "in the foreseeable future."

In a State of the Union message outlining administration plans for building a better and stronger America in this space age of catastrophe war possibilities, the President said his formula is designed to preserve this nation's way of life.

Useless expenditures, he said, "might tend to undermine the economy and therefore the nation's safety."

Justice Schirick  
Hospital Patient

Supreme Court Justice Harry E. Schirick, 68, was reported a patient at Kingston Hospital today for observation.

It was learned that Justice Schirick was hospitalized early Thursday afternoon after he complained of feeling ill while walking from the court house to luncheon in an uptown restaurant.

Justice Schirick who also gained wide fame as a baseball star at Cornell University and later as manager of the fabulous Old Colonials, is scheduled to be honored by the Old Timers Baseball Association at a testimonial dinner at the Governor Clinton Hotel on Wednesday, Jan. 28.

**Other Proposals**

His 5,000-word address, prepared for personal delivery at a joint session of the Senate and House, also set forth these other highlights:

1. Enactment of new civil rights legislation to be submitted to Congress soon. Without being specific about the legislation, the President deplored closing of some public schools in the integration controversy, and pledged anew he will take every action necessary to enforce the law as interpreted by the courts.

2. New laws aimed at wiping out corruption, racketeering, and abuse of power and trust in labor-management affairs. Eisenhower expressed disappointment the last Congress, also Democratic-controlled, did not act in this field despite disclosures by the investigating committee headed by Sen. John L. McClellan (D-Ark.).

**To Set Up Committee**

3. Amendment of the 1946 full employment law "to make it clear that the government intends to use all appropriate means to protect the buying power of the dollar."

The President did not specify just what he has in mind, but he again called on labor and business leaders to exercise statesmanship to curb the wage-price spiral. And he announced he will set up a Cabinet committee on price stability for economic growth.

4. Passage of new farm legislation designed to reduce heavy federal outlays in that field eventually, and to assure "greater freedom of the farmer."

**Built in 1846**

The main office building was built in 1846 and additions were added some 70 years ago, Craft wrote, and he stated that present facilities are not only "antiquated" but space is "at such a premium that it is difficult to file the ever increasing records in such a manner as to make them readily available" and to guard against possible loss of essential property records, Craft recommended installation of a microfilm unit to be used in conjunction with the present photographing program of recordable instruments. In the event of fire there would at least be a microfilm record.

Surrogate Gaffney referring to the recent explosion in the building basement and the resultant (Continued on Page 6, Col. 6)

**Communications**

Communications calling attention to the dangerous fire hazard, the inadequate office space and lack of facilities to protect documents from damage by fire were read from Surrogate Charles H. Gaffney, County Clerk. Lawrence D. Craft and County Commissioner of Public Welfare Harry D. Sutton.

Craft called attention to an explosion on January 5, 1959, in the furnace room when the doors were blown off the furnace and the windows of the basement in the county clerk office building were blown out. "We were fortunate," he said, "that on January 5, 1959, in not having a fire following the early morning explosion" Craft wrote.

Relyea Succeeds Self  
In Supervisor Chair

Charles Relyea (R), Town of Hurley, was unanimously selected to succeed himself as chairman of the 1959 sessions of the Ulster County Board of Supervisors at the organization meeting Thursday evening.

Election of Relyea to succeed himself was about the only business transacted at the session, which lasted to midnight, that did not bring forth long and heated debate.

Among other matters was a lengthy discussion on the lack of county office space, protection of valuable public records from fire and a long discussion of the proposition of whether or not purchase of road oil and other supplies by municipalities should be made through the "state contract" system.

Majority Leader Jesse McHugh (R) Shawangunk, nominated Relyea to succeed himself and Minority Leader John J. Gaffney (D) seconded the nomination. The election was unanimous.

Peter Williams (R) Saugerties, was named temporary chairman of the meeting after Clerk Robert A. Snyder had read the call and called for selection of a temporary chairman. Williams was nominated by Supervisor Storms (R) of the 2nd ward.

After Relyea had thanked the board for his selection for a third term, the board got down to routine business.

Seymour Werbalowsky was re-elected (Continued on Page 2, Col. 8)

**WHERE FIRE KILLED SIXTEEN**—This was the scene in Boswell, Okla., after fire destroyed a four-room dwelling and killed sixteen persons. Mrs. Booker Gardner, ten of her children and five nieces and nephews perished in the disaster. Gardner, a day laborer, was away hunting at time of the fire. (AP Wirephoto)

## 20 Are Enrolled For Magistrates Advanced Course

Twenty area magistrates, including three from Greene County, are enrolled in the advanced training course for justices of the peace and police justices which held its first session Thursday night at the Chambers School, Town of Ulster.

Former Justice of the Peace Harold E. Macholdt of the Town of Ulster, instructor coordinator, said there were openings for a few more magistrates who would like to join the classes at the second session. He said there would be a briefing on the first lessons for those joining at the second session.

The course running for 10 weeks is held each Thursday evening at 7 o'clock in the Chambers School. Next Thursday's topic will be on mental defectives, and civil compromise under the criminal code.

The course has a total of 30 instructional hours. Last night's session dealing with the youthful offender and complaints against children, was conducted by Macholdt.

Topics of the course will be presented by legal talent from throughout the county who will serve as instructors and guest speakers.

Last year a basic training course was held. This was also 30 instructional hours. Macholdt pointed out that it was not necessary for magistrates to complete the basic course before taking the advanced sessions. The basic course will be conducted again in the future and those who missed it will have the opportunity to enroll at that time.

### DIED

**CARDINALE**—In this city, Wednesday, January 7, 1959, Frank Cardinale, of 20 Henry Street, husband of the late Christiana Cardinale; father of James, this city, Mrs. Anthony Perpetua, Catskill, Mrs. John Wisneski and Louis Cardinale, this city.

Funeral will be held from the Francis J. McCord Funeral Home, 99 Henry Street, Monday, at 9:30 a. m., thence to St. Joseph's Church where at 10 a. m., a solemn high Mass of requiem will be offered for the repose of his soul. Interment in St. Mary's Cemetery. Friends may call at the funeral home any time.

**FELDMAN**—In this city, Jan. 9, 1959, Samuel Feldman, husband of Mary Rosenthal Feldman; father of Miss Mildred Feldman; brother of Charles Feldman; brother of Fannie Goodman; Mrs. Fannie Goodman; Mrs. Regina Ehrenreich and Mrs. Regina Ehrenreich.

Funeral services were held Friday, Jan. 9, at 3:30 p. m., from the W. N. Conner Funeral Home, Inc., Interment in Montrose Cemetery.

## Town of Esopus Report Mailed to Taxpayers

Nearly 3,000 copies of a six-page leaflet entitled "Report of Town of Esopus Town Board 1958" was mailed this week to town taxpayers, Supervisor Roger W. Mabie said today.

Various headings listed reports on the Central Hudson Gas and Electric Corp., litigation; other litigations; proposed Port Ewen Sewer District; traffic ordinance; bingo; census; wild dogs; Callanan blasting; house numbering for Port Ewen; Ross Park Special District; additional recreation; Town Highway Department; Port Ewen Water District; Board of Assessors; added street lights; bonded indebtedness; taxation; action to be taken in 1959.

## List Federal Mediator Civil Service Exam

The U. S. Civil Service Commission today announced a new examination for mediator positions paying \$7,030 a year.

The headquarters for these positions is in the National Mediation Board in Washington, D. C., but employees spend most of their time traveling throughout the United States in connection with their duties.

Mediators in these positions adjust controversies arising between employers and employees in the railroad and airline industries and conduct investigations and elections among various groups of such employees. Applicants must have had at least six years of experience in making or interpreting labor agreements, such matters as wages, hours of work, etc., or in mediating between management and employees in the application of labor agreements. Education may be substituted for as much as three years of the experience.

Full information and application forms may be obtained from Leo W. Derwak at Central Post Office, or from the U. S. Civil Service Commission, Washington 25, D. C. Applications should be filed with the Board of U. S. Civil Service Examiners, National Mediation Board, Washington, D. C., and must be received, if postmarked, not later than April 1, 1959.

### DIED

**MACDONALD**—In this city January 9, 1959, Dr. John Harold, beloved husband of Caroline, nee Murray, of Lomontville, N. Y.

Remains reposing at the Wolf Funeral Home, 340 Broadway. Funeral arrangements will be announced.

Surviving are his wife, Mary Rosenthal Feldman of this city; daughter, Miss Mildred Feldman of Forest Hills; a brother, Charles Feldman; three sisters, Mrs. Fannie Goodman, Miss Rose Feldman, all of Poughkeepsie, and Mrs. Regina Ehrenreich of Bronx. Several nieces and nephews and great nieces and nephews also survive. Funeral services were scheduled today at 3:30 p. m. at W. N. Conner Funeral Home, Inc. Burial was to take place in Montrose Cemetery.

### Mrs. Grace Wells

Funeral services for Mrs. Grace Wells were held Thursday 2 p. m. at Jensen and Deegan Funeral Home, 15 Downs Street. The Rev. Dr. Clyde H. Snell, pastor of Clinton Avenue Methodist Church, officiated. During the service many friends called to pay their respects and numerous floral tributes were received. Bearers were David, Albert and Robert Wittaker, Esmond Post, Nicholas Nagle and Douglas Post. The body was placed temporarily in Wiltwyck Receiving Vault. The Rev. Dr. Snell conducted the services there. Burial will take place later in High Falls Cemetery.

### Harry R. LeFever Sr.

Funeral services for Harry R. LeFever Sr., who died Tuesday, were held at A. Carr & Son Funeral Home, 1 Pearl Street, Thursday, 2 p. m. The Rev. J. Dean Dykstra, pastor of Fair Street Reformed Church, officiated. The services were largely attended and there were many beautiful flowers. On Wednesday evening many friends called at the funeral home to pay their respects, including Kingston Lodge, 550, BPOE; members of the Kingston Water Department; Kingston Paid Firemen led by Chief James Brett, and Rondout Lodge 343, F & AM, who held ritualistic services. Burial was in Montrose Cemetery.

### Miss Anna E. Ryan

Miss Anna E. Ryan of 69 Main Street, died suddenly in this city Thursday night. Miss Ryan was born in this city, the daughter of the late William and Phoebe Ann Carroll Ryan. Surviving are a sister, Miss Mary A. Ryan and two nephews, William J. and Robert J. Ryan, all of this city. Funeral will be held Monday 10:30 a. m. from the James M. Murphy Funeral Home, 176 Broadway, thence to St. Joseph's Church where at 11 a. m. a high Mass of requiem will be offered for the repose of her soul. Burial will be in St. Mary's Cemetery. Friends may call at the funeral home Saturday and Sunday from 3 to 5 and 7 to 9 p. m.

## Barbara J. Bower Transferred to Albany Position

Miss Barbara J. Bower, commercial supervisor of field operations for the Kingston District of the New York Telephone Company, has been appointed commercial supervisor of training in the area headquarters office at Albany, the Company announced today.

Miss Bower, a native of Holyoke, Mass., transferred from the New England Telephone and Telegraph Company to the New York Telephone Company in 1948. She served in various supervisory assignments at Albany until 1955 when she transferred to the Kingston District in her present capacity. In her new assignment, Miss Bower will make a study of mechanization procedures.

## Deaths

**By THE ASSOCIATED PRESS**  
OAKLAND, Calif. (AP) — Dr. Willard M. Smith, 70, professor of psychology and philosophy at Mills College for 31 years before his retirement in 1953, died Thursday, apparently of a heart attack. He was born in Glidden, Iowa.

**COLUMBUS, Ohio, (AP) —** Edgar Wood, 40, a technical writer in the Army's Columbus general depot, died Thursday, apparently in a fall down a flight of stairs. Wood was a former Columbus television news announcer and also had taught radio, drama and speech at the universities of Maryland, North Dakota and Pittsburgh.

### Mrs. Mary M. Krom

Mrs. Mary M. Krom, 87, of 5 North Main Street, Ellenville, wife of the late George W. Krom, died at her home this morning. Her husband died in 1941. Born at Accord, daughter of the late Mr. and Mrs. Joseph Gray, she had been a resident of Ellenville for over 59 years. Surviving are a daughter, Mrs. Floyd Fuller of Kerhonkson; three sons, Vernon of Ellenville, Charles of Napanoch and Percy Krom of Ellenville; two grandchildren, Mrs. Kenneth Ticknor of Hurley and Aimee 2/c George J. Krom, U. S. Air Force, stationed at Westover Field, Chicopee, Mass.; a brother, Asa Gray of Penn Yan and several nieces and nephews. Funeral will be held from her late residence Monday at 2 p. m., with the Rev. George Winn, pastor of the Ellenville Reformed Church, officiating. Burial will be in Fantinckill Cemetery. Friends may call any time at the home.

### John H. Bonse

The funeral of John H. Bonse of 15 Ardley Street, who died Monday, was held Thursday at 9 a. m. from Henry J. Bruck Funeral Home, 27 Smith Avenue, thence to St. Peter's Church where a high Mass of requiem was offered for the repose of his soul at 9:30 a. m. by the Rev. R. Msgr. Joseph D. Ostermann. Responses to the Mass were sung by the children's choir assisted by the organist, Mrs. Van der Rick. Mrs. June Scherer and Richard Scherer sang "Domine Jesu" and "Christi." While the body reposed in the funeral home many relatives and friends called and numerous floral pieces and spiritual bouquets in the form of Mass cards were received. Many members of both political parties called out of respect for Mr. Bonse who had served as committeeman for 35 years. Wednesday at 8 p. m. St. Peter's Church Holy Name Society called and was led in the recitation of the Holy Rosary by their spiritual director, Msgr. Ostermann and the Rev. William V. Reynolds. Burial was in St. Peter's Cemetery where Msgr. Ostermann gave the final blessing. Bearers were Mayor Edwin F. Radel, Joseph J. Koenig, Donald Miller, Raymond J. Schuler, Carrie R. Riehl and R. W. Garrahan.

### Douglas D. Snyder

Douglas D. Snyder, 57, Poughkeepsie, died Friday, a native of Cottekill, died unexpectedly at his home Wednesday. Mr. Snyder was born in Cottekill February 25, 1901, the son of the late Christopher L. and Grace Dunbar Snyder. He attended public schools in Cottekill and graduated from Kingston High School. A resident of 16 Innis Avenue, Poughkeepsie, he served as a city paid fire driver and had been a resident of that city since 1916. He had been associated with the fire department since 1929, first as a volunteer with Phoenix Hose Co., and subsequently as a paid driver. He served with the Lady Washington Hose Co. for the past 20 years and prior to that was stationed at the Eighth Ward firehouse. Mr. Snyder was formerly associated with DeLaval Separator Co., Poughkeepsie from the time he came to that city, until he became a local fireman. He was a member of the Reformed Church and Poughkeepsie Lodge, F & AM since 1940. He also served as president of Local 596, Paid Firemen's Association. Surviving are his wife, the former Edna Mae Lewis; a son, James Franklin Snyder, of Lexington, Pa.; two grandchildren, Christopher and Deborah Snyder, Lexington, Ky., and a sister, Mrs. Katherine Winchell, Poughkeepsie. A delegation from Kingston Fire Department will go to Poughkeepsie Friday night, leaving Central Fire Station at 7 o'clock. Rites will be held at Engine 3 in Poughkeepsie at 7:30 p. m. Local firemen will also attend the funeral Saturday morning at a time to be announced.

### Both Plead Innocent

Steuding and Ashby both entered pleas of innocent. Steuding was also admitted to \$1,000 bail. The Steuding indictment covers money allegedly received from the now defunct Uster Blumhouse Distributors, Inc. from May 16, 1951 to April 11, 1955.

The indictment charges Steuding received money from the firm for placing municipal orders for purchase of road oil and other products.

### Date Moved on Steuding

Date for filing motions in the case of Ernest A. Steuding, former superintendent of public works in Kingston, has been moved up to Jan. 19, Tompkins said today.

Steuding indicted on the same date as Ashby was charged with accepting unlawful fees while a public official. He is represented by Attorney James Abernethy.

A motion in the Steuding case was returned Jan. 14 but has been postponed five days since Steuding's counsel has requested a bill of particulars, Tompkins said.

**2,402 Dogs in City**  
Kingston's canine population is up 171 over a year ago, it was noted today. Officers James Scott and Edward Ortlieb, who recently completed the city's dog census reported listing 2,402. The total reported a year ago was 2,231.

The list must be licensed. Tags are obtained at the city clerk's office, city hall.

## Dimes Drive Van To Visit Wallkill, Paltz, Rosendale

The teenage Mile of Dimes caravan with members of Kingston Hi-Y Clubs of the YMCA will visit Wallkill, New Paltz and Rosendale Saturday morning opening their campaign for the March of Dimes.

The caravan which will tour Ulster County during the 1959 campaign offers various forms of entertainment during their stay in each village. Acker Bus Lines, East Kingston, will provide transportation.

Co-chairmen of the group are Frank Koenig, Lewis Kirschner and Frank Robello, youth director of the YMCA.

## Quality Control Unit Hears Talk On Cost Savings

More than 70 members and guests of the Mid-Hudson Section of the American Society for Quality Control heard a talk Tuesday evening, at the Nelson House, Poughkeepsie, by Dorian Shainin, authority on quality control techniques. The speaker was introduced by William Bobalke.

Shainin described a method to arrive at long term cost savings applicable to most industrial firms.

Some of the points made by the speaker included analyzing the areas of cost reduction possibilities on the basis of "Pareto" Curves. By this means the troublesome areas are highlighted so that corrective action can be accomplished. A strong point was made that, in most firms, the organizational framework often separates authority from responsibility, especially in quality control.

A lively question and answer period followed Shainin's talk. The meeting was conducted by Frank J. Sindelar, section chairman.

Members attending from the Kingston area were: Dwight Bellinger, Armand J. Bosse, Paul F. Heitz, Richard A. Hulnick, Vernon L. May, Harry L. Mirick, Kenneth W. Nickel, Robert W. Ohlson, W. James Penrose, Stanley Plasker, Edwin S. Secor, Paul Smith, Wallace C. Stone and Manfred Wengel.

Guests included: Thomas A. Baggot, Robert Heberame, Martin J. Keller, William Paulding, Val Pons, Robert Reip, Al Salter, Fred G. Supplies, Michael Vasilevich, and Otto Weaver.

## Ashby Faces

services for Buckley, nor were there any commissions ever due him.

The commissioner of jurors appeared before the Ulster County Jury Board on Dec. 15, 1958, and requested he be disqualified from further performance of duty pending disposition of charges against him and expressed confidence he would be exonerated.

Tompkins today requested a plea to the indictment when he appeared before Justice Greenberg, Attorney N. LeVan Haver of counsel for Attorney Rosen, who represented Ashby today, said Rosen could not appear today.

**Rosen Ill, Haver Says**  
Justice Greenberg said Rosen "must be a busy man because he did not appear here on the original arraignment."

Haver said Rosen was ill which explained his absence from court this morning.

Haver asked Tompkins if the first count in the indictment was to be dismissed and the prosecutor said "no." He also asked that \$1,000 bail bond cover both indictments.

**Promises Consideration**  
Tompkins requested a trial date of Thursday, Feb. 3, which he explained, would be the day following that on which "the new jury is empaneled."

Justice Greenberg said that if Attorney Rosen could not file motions by that date he "would give it careful consideration."

**Date Moved on Steuding**  
Date for filing motions in the case of Ernest A. Steuding, former superintendent of public works in Kingston, has been moved up to Jan. 19, Tompkins said today.

Steuding indicted on the same date as Ashby was charged with accepting unlawful fees while a public official. He is represented by Attorney James Abernethy.

## Both Plead Innocent

Steuding and Ashby both entered pleas of innocent. Steuding was also admitted to \$1,000 bail. The Steuding indictment covers money allegedly received from the now defunct Uster Blumhouse Distributors, Inc. from May 16, 1951 to April 11, 1955.

The indictment charges Steuding received money from the firm for placing municipal orders for purchase of road oil and other products.

## 2,402 Dogs in City

Kingston's canine population is up 171 over a year ago, it was noted today. Officers James Scott and Edward Ortlieb, who recently completed the city's dog census reported listing 2,402. The total reported a year ago was 2,231.

The list must be licensed. Tags are obtained at the city clerk's office, city hall.

## Elephant Forgets, Kills Ex-Handler

ROCHESTER, N. Y. (AP) — Sally, an Indian elephant that apparently forgot a former handler, trampled him to death Thursday.

Harold B. Cannon, about 40, was killed when he entered Sally's enclosure at the Seneca Park Zoo. He had returned to work at the zoo only three days before.

Cannon had been one of Sally's handlers until he left for another job a year ago. When he came back Tuesday as a maintenance man he was warned not to go near her.

The screams of a woman who saw the accident summoned zoo workers. They found Cannon crumpled in a corner of the elephant enclosure his head crushed.

## SAUGERTIES NEWS

### Area Sportsmen May Now Collect Greene Bounty

Saugerties area sportsmen hunting in neighboring Greene County are now eligible to collect that county's bounty for fox and bobcat killed by them within that county's limits, according to action this week by Greene County Board of Supervisors.

The board voted to reestablish a bounty system for killing foxes and bobcats and also made non-residents eligible to collect on the general principle that a dead predator is worth the money no matter who destroys it.

Under the previous bounty system which expired at the end of the year, only county residents were eligible to collect the bounty by submitting the tail of the animal as proof of the kill.

The bounty is \$3 per fox and \$5 for bobcat.

A similar bounty is in effect in Ulster County. However the head of the animal must be presented with the application for payment. The town clerk validating the application clips the ears of the fox or bobcat to prevent additional applications using the same animal.

### March of Dimes Gasoline Sale Set Tomorrow

Patrons who purchase gasoline Saturday at Paul Barce's Shell Service Station, Route 9W, Barclay Heights will help build up the Town of Saugerties March of Dimes campaign fund, John W. Davis, town chairman said today.

All proceeds of the Saturday sale of gasoline will go to the fund. Last year the amount received from the sale was \$28.

Town officials headed by Supervisor Peter M. Williams will pump gasoline and help service the large number of cars expected.

Distribution of coin canisters is now complete, according to Davis, and members of the Auxiliary of Lamourse Hackle Post 72, American Legion are making plans for the annual Mothers March on Polio to be held the evening of January 28. Mrs. Edith Schaffer will be chairman of the march again this year, he said.

### Committee to Remove Yule Street Lights

Volunteers from the membership of Saugerties Area Chamber of Commerce are being sought by Herbert G. Lachmann, chairman of Christmas street lighting committee to help the group remove the lights on Sunday morning.

Lachmann said he is trying to get the men out early so that those who wish to go to church will have sufficient time.

If not completed in the morning the project will continue in the afternoon.

Lachmann noted that there had been some damage to the strings sustained from the recent wind storm.

The light strings and centerpieces will be boxed and stored in the Thornton building over Delson's Department Store.

Professional ladder men are being employed and the volunteers are needed for the ground work and packing for next year.

## Relyea Succeeds

Dr. Robert F. Moseley and Dr. Virgil DeWitt of New Paltz were named to the Board of Health for six year terms.

**Attend First Meeting**  
Sitting at his first meeting was Supervisor Harold Van Aken (R) of Denning, who was elected in November to serve out the term of Harold Cole who had been returned to the board last year when a tie vote developed in Denning as a result of the 1957 election.

Attorney Richard W. Lent of New Paltz (R) was also attending his first session following his appointment last week by the New Paltz town board to fill the vacancy created when Supervisor Fred DuBois resigned to assume his office of county treasurer on January 1. Lent has served as a member of the New Paltz Town Board as justice.

Supervisors James Martin (R), Kingston, Alexander Banyo (R) of Ulster and Leo Stauble (R), Town of Kingston, were named a committee to secure bids of printing the proceedings of the board.

## PTA Meeting Schedules Topic On Pupil Reports

Saugerties Parent-Teacher Association will meet at 8 p. m. in the Main Street School auditorium. The topic, "Reporting to Parents," will be discussed. In order to help parents understand better reports received from school concerning their children, this informative program has been arranged.

Differences in methods of reporting according to age-level of the children will be explained. Symbols, marks and comments used will be described fully so that parents will be able to make the most complete use possible of all report cards, letters or other forms of communication prepared by school authorities.

To promote the discussion and make the information as helpful as possible, four groups will be arranged. Mrs. Grace Cahill will be in charge of a group for parents and teachers of children in the kindergarten through the third grade. Another group for those concerned with children in grades four through six will be held by Mrs. Dorothy Adams acting as coordinator.

Robert Moser will act as chairman of the discussion group interested in pupils in grades seven and eight. Malcolm Bump will be in charge of the group of parents and teachers of students in senior high school. Summaries of the discussions in all groups will later be presented to the entire audience.

Mrs. Charles Steele and Miss Janet McCaig, co-chairmen, have made arrangements for the program. Mrs. David Goble and committee will supervise the servings of refreshments at the close of the meeting.

## Methodist Church Quarterly Parley Opens on Tuesday

The annual church conference of Saugerties Methodist Church will be opened Tuesday at 7:50 in the church chapel, by the Rev. W. Bernard Grossman of Kingston, district superintendent of Kingston District.

The congregation is urged to attend this important session known as the quarterly conference, but all officials of the church are especially requested to be present.

Reports will be given by the various boards, commissions, committees and organizations of the church, and plans will be made for future growth of the church.

The membership and evangelism commission, Milton Armstrong, chairman, will report that 59 new members united with the church during the past year.

The trustees and finance commission, led by Lewis Fellows and William C. Walde, will report on the physical expansion which opened the parish house, and moved the pastor and family to the new Finger Street parsonage.

Following the conference, the pastor, the Rev. George Werner, will conduct a brief meeting of the official board. New members are requested to be present.

## McDonald Hopes For New Pact to Avoid Steel Tieup

CHICAGO (AP)—The president of the AFL-CIO United Steelworkers of America says he hopes an agreement will be reached on a new contract with the basic steel industry without causing a shutdown of operations.

David J. McDonald, commenting Wednesday on predictions of a possible shutdown in the basic steel industry next summer, said if there is a closing of mills, it will be the industry that causes it. "We certainly do not want to have a shutdown," McDonald told newsmen.

He said the steel industry press has predicted as inevitable a strike by the steelworkers to enforce proposals in the new contract. "Our international wage policy committee hasn't even met yet," McDonald said. "I have no idea what our proposals will be. I hope we can conclude agreements without a strike."

Contracts covering more than half the union's 1,250,000 workers in the basic steel industry end June 30. McDonald said negotiations probably will begin in June or earlier to replace three-year pacts negotiated in 1956 after a 34-day shutdown. The industry has had three major shutdowns in the last 10 years.

McDonald was in Chicago for a meeting of the union's 28 district directors, hearing union appeal cases. He said the group has not discussed the new contract negotiations and denied the union has formulated demands calling for wage increases, a shorter work week and other benefits.

He said the only discussions with basic steel industry, involving 92 companies, were in connection with the time and place of the contract talks. These matters, he added, have not been settled.

### Easily Satisfied

SEATTLE, Wash. (AP)—Two youths drove up to a service station in suburban Renton and pulled a pistol on attendant Roy Wendt. "I haven't any money," Wendt said. "Okay," answered one would-be robber. "Fill up the tank, then." Wendt did: \$3.35 worth. The robbers drove off—but not until they received their change for a \$5 bill one of them handed Wendt.

### Look, No Hands

CANNELTON, Ind. (AP)—Maj. Otis E. Saalman has invented an electrical device that automatically rocks an infant's cradle. He says it works on his own baby, producing sleep in three minutes flat.

## Admits Theft From Crashed Airplane

SPRINGFIELD, Mass. (AP)—A pilot-mechanic has admitted the theft of an engine and instruments, valued at \$8,000, from an airplane that crashed in New York State's Adirondack Mountains, police report.

William J. Thomson 38, of near-by Longmeadow, was arrested Thursday on a charge of being a fugitive from justice in New York. A warrant has been issued charging him with grand larceny.

The plane, piloted by Julian Reiss of Lake Placid, N. Y., crashed Oct. 31 about 15 miles from that resort community. Reiss, a prominent businessman, and his daughter, Pat, escaped injury. They walked 10 miles through dense woods to a farm house.

## Bids Are Sought For New Stairs In School No. 2

Bids for replacement of the last wooden stairway in any school building in the city, are being sought by the Kingston Board of Education. The one to be replaced is the front stairway in No. 2 School.

Plans and specifications have been prepared and are available at the office of Brinnier & Larios, consulting engineers, 41 Pearl Street. Bids will be opened at the office of the board of education on January 21, at 4 p. m. The board reserves the right to reject any and all bids.

At the December meeting of the board of education held on December 5, the board voted to replace the old wooden stairway with a fireproof steel structure. At that meeting a communication was received from Mrs. John Rowland, secretary of the P.T.A. of School No. 2 calling attention to the hazard.

Attention of fire hazards in public schools attracted public attention following a disastrous fire in a Chicago parochial school where many lives were lost. As a result of that disaster there has been a widespread review of schools throughout the country and the local board of education took immediate steps to correct the last remaining wooden-stairway hazard in Kingston.

### Now Chief Engineer

NEW YORK (AP)—William S. Chapin, general manager of the State Power Authority, has taken over as chief engineer.

The authority announced Thursday that Chapin had moved into the post vacated by J. Burch McMoran, who was recently appointed state superintendent of public works.

Chapin's additional duties as secretary of the authority will be assumed on Feb. 1 by John C. Bruel, an authority staff attorney. Asa George, assistant secretary of the authority, has been named assistant chief engineer.

## Leaves From Boyle's Notebook

By HAL BOYLE

NEW YORK (AP)—The look of Manhattan is changing rapidly now under the impetus of the greatest face-lifting program in municipal history.

Landmarks are being torn down and buildings are rising as the brisk winds of the present blot the dust of the past in the pedestrian's eye.

At lunch hour, particularly in fair weather, the sites of the climbing new skyscrapers are surrounded by pale-featured office peasants. They are fascinated by the sight of their fellow men earning a living by the sweat of their brow and the use of their hands under the open sky.

### These Are Real Men

Watching a couple of steelworkers nonchalantly stroll across a girder high overhead, one office peasant turned to a friend and said: "They are men. They are real men!"

In his voice was a mixture of admiration and wistful envy—a conscious expression of the realization that in the aristocracy of manhood the outdoor man has an edge over the indoor man.

The wife of the indoor man may feel that her husband is superior in some snobbish way to the rugged outdoor man, but the indoor man himself has no such illusion. He often feels his white collar is more of a badge of slavery than a symbol of success.

### Has Trapped Feeling

The indoor man, caught in the gray dismay of civilization, often finds it hard to see the importance of his work—whether he merely shuffles papers, sells neckties, arranges divorces, writes tooth-

paste ads, or answers the telephone for someone else above him in the office hierarchy.

He often has a trapped feeling. He has left nature too far behind. He can control his climate by turning a knob at home or at the office. Sometimes as he does this he can hear life whistling by in the wind outside his window. And he knows he is missing something.

The indoor man misses the joy of natural achievement that comes to the outdoor man—the farmer raising crops, the sailor taking a ship across the sea, the forester quelling a timber fire, the bricklayer raising the wall of a new home.

The greater creature comforts he enjoys do not compensate the indoor man for what he has lost. He neither sweats nor freezes at his job. He is usually just lukewarm—and he knows it.

### Edge Over Indoor Man

The outdoor man realizes this fact, and as a result he always feels he has a clear and definite edge over the indoor man. The humblest hodgecarrier cannot help looking down on a lawyer—that is, if he isn't in the lawyer's office.

The indoor man does the paper work of civilization and most of his problems are nervous ones. He is essential but often doesn't feel he is. The outdoor man handles the muscular work of civilization, and he can see the result of his labors in visible growth—a stand of waving wheat, a new road through a swamp, a bridge across a river, a new building in the skyline. He is essential, and he knows it.

Inside every indoor man, homesick for nature, is an outdoor man yearning to be free. But only old age or decrepitude will drive the outdoor man indoors, and he is never again as happy.

## Okie Blaze Claims 16

BOSWELL, Okla. (AP)—A pile of ashes and two freshly turned gravesites were all that remained today of Oklahoma's worst residential fire.

The blaze snuffed out 16 lives early Thursday. Services were held in the afternoon for the Negro victims at the Oberlin Community Cemetery 11 miles south of this southeast Oklahoma town. The remains of nine victims were buried in one casket and seven in the other.

Booker Gardner, husband of one victim and father of 10 more, was among the 80 persons attending. Killed were his wife, 38; 10 of their children, ranging from 6 weeks to 15 years; three orphaned nieces and two nephews.

Gardner, a 45-year-old laborer, had been coon hunting with another nephew, John Stewart, 15, overnight. He did not learn about the pre-dawn tragedy until several hours later.

## Knick News Man New President of Correspondents

ALBANY, N. Y. (AP)—Arvic Chalmers of the Albany Knickerbocker News is the new president of the New York State Legislative Correspondents Assn.

He was elected Thursday to succeed Walter V. MacDonald of The New York World-Telegram and Sun.

Association members are reporters who cover the state Capitol.

Other officers elected: Douglas S. Dales, New York Times, first vice-president; Charles Dumas, Associated Press, second vice-president; and Joseph W. Shannon, Macy Westchester Newspapers, third vice-president. Raymond L. Borst of The Buffalo News was re-elected treasurer.

Edward W. Bates of The Troy Record newspapers was elected secretary. He succeeded John C. Crary, who was named secretary-emeritus.

Emmett N. O'Brien of The Ganett News Service was elected chairman of the board of directors to succeed Bates.

Other directors chosen: Norris Paxton, Associated Press; Kirtland I. King, United Press International; William Lowenberg Jr., Albany Times-Union; Warren Weaver Jr., New York Times; John M. Greene, Long Island Press; Thomas J. Stowell, Fairchild Publications; James Desmond, New York News; and MacDonald.

## Farm Bureau Names Chazy Man President

Donald F. Green of Chazy, a Clinton County fruit grower, has been named president of the New York Farm Bureau.

He was elected by the board of directors to fill the office left vacant by Don J. Wickham, recently appointed Commissioner of Agriculture and Markets by Governor Rockefeller.

The new president, Green, has been vice president of the New York Farm Bureau for the past four years. He was elected to the board of directors in 1946 and became chairman of the resolutions committee in 1954.

In addition to his Farm Bureau activities, Green has been active in other agricultural organizations. He is a member and past president of the New York State Horticultural Society. He served for several years as president of the Clinton County Farm and Home Bureau and 4-H Club Association.

Active in civic affairs, the new Farm Bureau president is a member of the Plattsburgh Rotary Club, a member and past president of the Chazy School Board, and a leader in the Adirondack Boy Scout Council of America. Green is a holder of the Silver Beaver Award, the highest award given an adult for work with scouts. He has recently been elected a member of the advisory board of National Commercial Bank & Trust Company, Plattsburgh.

Green is a partner in a very successful farming operation which involves 1,561 acres, 700 acres of which are in orchards. Known as "Chazy Orchards," the farm is the largest McIntosh orchard in the world. The farm also produces birdsfoot trefoil seed.

He and Mrs. Green have three sons, the oldest of whom is associated with his father in the farm operation. The two youngest sons are still in high school.

## Democratic Women Set Regional Parley

NEW YORK (AP)—Women Democratic Party officials of six counties will gather Saturday at Binghamton for the first of six regional meetings.

The session will be at the home of Mrs. David Levene, a member of the executive council of the Women's Division of the Democratic State Committee. The meeting will be attended by women of Broome, Chemung, Delaware, Steuben and Tioga counties.

The meeting was announced Thursday by Eleanor Clark French, vice chairman of the Democratic State Committee.

Meetings in Rochester, Ulster, Rockland County, Nassau County and Otsego County will be held this month and next.

## DeGaulle Likely To Offer Amnesty To Some Prisoners

PARIS (AP)—Some familiar faces appeared in different Cabinet spots today, but the French government was still heading down the track surveyed by Charles de Gaulle.

Installed Thursday as the first president of the Fifth Republic, De Gaulle may open his seven-year term with some measures of amnesty, especially for prisoners in Algeria.

Michel Debre dropped into De Gaulle's former job of premier, but the post wasn't the same any more. While De Gaulle held the job with strong emergency powers for seven months, Debre, as minister of justice wrote the Fifth Republic's constitution to give more power to the president and reduce the prerogatives of the premier and the National Assembly.

One power now removed from the Assembly enabled Debre's Cabinet to go right to work. The Assembly no longer has to approve the Cabinet first and can remove it only by a membership majority, which at the same time must agree on a new Cabinet.

A strong majority in the new Parliament supports De Gaulle at present. In taking office, however, the World War II hero warned that he felt it his duty "to give France, to impose if need be, what the public good demands."

Debre appointed a 21-member Cabinet that included 17 ministers from De Gaulle's government.

### Hunt On for Plane

KINGSPORT, Tenn. (AP)—Planes took off early today to search mountainous upper east Tennessee for a Southeast Airlines DC3 missing and presumed crashed with 10 persons aboard.

The plane was last heard from at 8:32 p. m. (EST) Thursday night when it checked with the Tri-Cities Airport during a landing approach. It had flown from Memphis, with stops at Nashville and Knoxville, to the airport which serves Kingsport, Johnson City and Bristol.

The seven passengers and three crew members were from Tennessee, the only state served by the line.

## Kingston Jaycees Seek Outstanding Farmer in Vicinity

Kingston Junior Chamber of Commerce is conducting a search for the outstanding young farmer in this vicinity. It was announced today.

John R. Shultis Jr., chairman of the Jaycees' outstanding young farmer committee, says that nomination forms are available to any organization or individual wishing to suggest a candidate.

The local candidate rated most outstanding by a panel of community and agricultural leaders will be nominated by the chamber as its entry in the New York State Outstanding Young Farmer Contest, jointly sponsored by the New York State

Junior Chamber and the New York Telephone Company.

Candidates must be between the ages of 21 and 35, actively engaged in farming and deriving no more than a third of their income from any other source. They will be judged on progress in farming, good conservation practices and participation in community affairs.

Leading contenders for the state title and their wives will win an expense-free trip to the state awards dinner in Albany next March. At the Albany dinner they will receive engraved plaques and the state winner will be announced. The winner of the state award and his wife will win an expense-free trip in April to Cedar Rapids, Iowa,

where national awards will be presented under the sponsorship of the U. S. Junior Chamber of Commerce and the American Petroleum Institute. Shultis said that the Junior Chamber, with the assistance of business institutions aware of the importance of successful farming to the state and nation, was sponsoring the contest because it focused the attention of young people on successful farming methods and the satisfactions and achievements to be found in farming.

Chief export of Libya in North Africa is esparto grass. This is used in manufacture of high grade paper and banknotes.

### FASTEST GROWING AREA

Ulster with a rise of 96.7 per cent led the counties which made the Mid-Hudson area the fastest growing in the state in personal income over the 1948-1957 span of years. Dutchess County was second with 90.2 per cent and Putnam third with 76 per cent.

Data released by the National Income Division of the United States Department of Commerce show that in all three counties manufacturing wages and salaries provided a significantly greater share of total income in 1957 than in the beginning of the period. Factory payrolls in Dutchess County jumped from \$47.8 million in 1948 to \$113.2 million in 1957. In Ulster they more than trebled from \$20 million to \$64.4 million. In Putnam they increased almost fivefold from \$0.7 million to \$3.3 million. Manufacturing in Putnam County is still relatively minor, however, contributing only 16 per cent of all salaries and wages. In the remaining four counties of Orange, Greene, Columbia and Sullivan, the expansion in personal income remained near the 50 per cent level.

However, during this same period in the Mid-Hudson area—an important fruit growing and dairying region—farm income fell from \$59.9 million to \$35.7 million and dropped as a source of income from 9 per cent of total to 3.1 per cent, a greater relative decline than in the upstate counties as a group. Not all counties in this area were equally hard hit. It was farm proprietors' income and not farm wages that showed the sharp downturn. In Ulster, Orange and Sullivan Counties farm wages actually were up slightly.

Internal Revenue Service promises to make income tax payments as painless as possible through a giant public information program. If the main object is to reduce pain, we suggest some information about tax loopholes.

### NO TRAFFIC TRIUMPH

When the highway fatality total for a long holiday weekend falls somewhat short of the National Safety Council's prediction, that fact is treated in some quarters almost as if it were a triumph of safe driving. But a four-day holiday span in which 594 Americans lose their lives on the streets and highways hardly suggests that congratulations are in order.

What does it matter that 620 deaths were forecast? The thing that counts is that 594 individuals who were alive before 6 p. m. December 24, looking forward to a happy holiday season, were dead four days later.

This is a colossal price to pay for the privilege of moving about in our own vehicles, at times and places of our own choosing.

The horrible part of it is that it is so largely a predictable price. The only thing we don't know in advance is who the ones are who will pay it.

Despite increased competition for people's time, newspaper circulation in the U. S. has reached a new all-time high of 58 million newspapers purchased daily. With Canada added, the figure is over 61 million newspapers purchased daily.

### A WORD FOR HIM

Though statistical data might be hard to come by, there is evidence that downright inconsiderateness is the root of many traffic accidents. The driver who asserts his rights at the expense of others on the road, or who ploughs ahead when he has no right to at all, is being inconsiderate. And in so being, he risks his own neck and puts other lives in jeopardy.

Such drivers are often called idiots, and rightly. But "idiot" doesn't quite express it. An idiot is someone who lacks brains—a fool, a simpleton. The fellow who drives roughshod over the rights of others on the road is something worse than a mere idiot. To shout, "Inconsiderate idiot!" while waving one's fist is too distracting, and

## 'These Days'

By GEORGE SOKOLSKY

MIKOYAN

It is customary that when a top official of one country wishes to visit another country on official business, arrangements are made well in advance, an agenda is prepared and neither side is taken by surprise. Anastas Mikoyan is playing games. He comes to the United States as a tourist who walks about the streets looking in shop windows. No official reception is prepared for him although he is either the second or third person in the Soviet hierarchy and is entitled to such courtesies. He announces that he will see Secretary of State Dulles, apparently invited or not, but the earlier statements on that subject give the impression that he wanted to see the Secretary just as he gazed upon the Washington Monument. However, after he had gazed at the Secretary of State for 95 minutes, he told the reporters, "There will be peace," which is good news, indeed. Dulles, of course, said nothing which was quite proper in the circumstances.

Apparently Eric Johnston, who has been to Soviet Russia to peddle American motion picture films, and Cyrus Eaton, who presents the Russian point of view more glibly than anyone else in this country—also more glibly—knew of all this, for they had arranged receptions for the Armenian trader. That, of course, is their business. There is no compulsory association in this country and no one is required to break bread with Anastas Mikoyan or anyone else unless he wants to. If Congressman Walter Judd declines to eat with a man who has Mikoyan's reputation for participation in mass murder, that is his business, too. Other men are not so choosy.

So, Mikoyan, the trader, has already found American traders who believe that as long as there is business to be done, let us welcome the stranger even if he breaks every rule of etiquette and barges in on us, with the fanfare of the lunik's publicity to frighten those to whom dollars are more dear than life. Somehow the lunik did not frighten the American people nor does Mikoyan's sneer. Maybe we are through with being frightened.

Mikoyan is a trader. He has devoted his life to trade. He comes of a nation that is particularly skilled at trade. He understands money and its operations as well as and probably better than most Wall Street bankers. He is now, as a matter of fact, engaged in destroying the pre-eminence of the American dollar. His genius as a trader has undoubtedly served him politically, for he worked under Lenin, Stalin, Malenkov and Khrushchev and survived. He never was caught in any of the purges. His closest colleagues—Bulganin, Kaganovich, Molotov—they have disappeared in the vastnesses of the Soviet Universal State, but Mikoyan survives even under Khrushchev who is as fast on the draw as Stalin was but leaves nothing to clean up afterwards.

It takes great skill always to land on your feet and Mikoyan possesses that skill. And so the Armenian came to the United States to show all the diplomats of the world that he can break through the reserves and resistances of the American Government to betray our allies and meet with the Russians alone. Khrushchev's labors for a Summit Conference always were premised on the assumption that he and Eisenhower could meet alone and settle everything. But we do belong to NATO and we have allies whom we will not betray.

Mikoyan met with Dulles alone without an advance agenda so that we could not notify our allies what the conversations would be about. The American policy is not being decided by Eric Johnston or by Cyrus Eaton, traders in their own right. Nor is it being decided by Senator Hubert Humphrey of Minnesota who apparently has a special relationship with Khrushchev and Mikoyan, which also is the Senator's business, although it strikes me that Khrushchev must have a lot of time on his hands to give the Senator eight hours, which, according to the American standard, is a full working day. Senator Humphrey is an interesting man, but is he that interesting? Also, is he that important in the affairs of the United States?

Funny things are going on and lots of funny people are in the occurrences, but in the end, orderly procedures will prevail and the United States will be treated with the respect and dignity we deserve.

### ★ Dr. Jordan Says: ★

Dropsy Usually Reflects Faulty Heart or Kidney

BY EDWIN P. JORDAN, M.D.  
Written for NEA Service

"I have a dropsical condition in my legs," writes Mrs. T. R.

"This is always worse toward the end of the day and is about gone when I wake up in the morning. I have had a heart condition for many years and wonder if there is any connection, and whether it is something to worry about."

Dropsy, or edema as it is known medically, is a waterlogging of the tissues. In other words, fluids which should normally be removed from the body accumulate in the tissues and cause this fluid swelling.

Failure of the heart to pump normally is one of the common causes of dropsy, so in Mrs. R.'s case one would suspect that there is a connection. Also, dropsy is always a serious enough condition to require medical attention.

The accumulation of fluid in the legs may be the result of local causes, such as poor circulation. Even a normal person who is on his feet a great deal during hot weather may develop a little fluid swelling in the lower extremities.

However, the most frequent and common reason for dropsy is a failure of the heart or of the kidneys to perform their normal functions fully.

When the cause of the difficulty is from the heart, it is the result of failure to pump the blood fast enough through the kidneys so that these organs can filter out and eliminate the fluids which should be discarded.

The fluid generally goes to those parts which have the poorest circulation, such as the feet and legs. Also the circulation in the lower extremities has to work hardest against gravity.

This kind of edema is treated by trying to improve the action of the heart and circulation, raising the legs so that the blood flow will not have to work so hard against gravity, and by other medical or surgical measures.

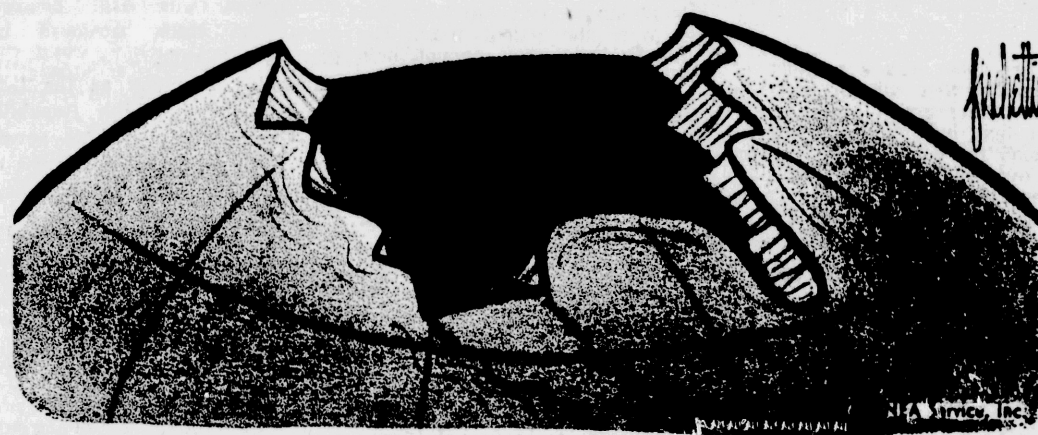

The other main kind of dropsy comes from disease or damage to the kidneys themselves. Here something has gone wrong with the filtering action of these organs so that they simply do not eliminate properly.

They cannot be flushed out with water since this will usually result in more waterlogging than before. The treatment of dropsy of kidney origin is highly complicated and may involve restriction of salt, a special diet, drugs or other measures. One relatively new development in treatment has been the use of the artificial kidney. Several complicated devices are in use for this purpose and for selected persons they are proving of great value.

Dropsy is not a single disease, but rather the reflection of some underlying disorder which is likely to be serious. Anyone who develops dropsy should place herself or himself under good medical care and obey carefully whatever directions are given. Failure to do this may lead to tragic results.

might in itself lead to a smashup. The need is for a good, crusty one-word description. So here goes. How about "inconsiderate"? It rolls off the tongue with a fine snap and gives, as the writers of commercials say, deep-down satisfaction.

## "Everything Seems to Be Up"

## Washington News

BY PETER EDSON

NEA Washington Correspondent

WASHINGTON — (NEA) —

Tabulations on November election

returns just completed here

show that Republicans took the

worst beating in 22 years in

state legislative races, as well

as in contests for governor and

the U. S. Congress.

As a result, the 46 state legis-

latures holding sessions in 1959

will have a higher number and

percentage of Democratic party

members than in any year since

1936. The three state legislatures

which don't meet in 1959 are

Virginia, Mississippi and Ken-

tucky, which are overwhelmingly

Democratic anyway.

It is the sweeping nature of this

Democratic victory which has

appalled GOP leaders, still

asking, "Why?"

Republicans lost 697 seats in

state legislatures — 125 state

senators and 572 members of

lower houses — from what they

held in 1956-58. Democrats took

control from the Republicans of

at least one house of the state

legislatures in 13 states.

IN ADDITION, REPUBLICANS

lost five governorships they

held previously. This gives the

Republicans only 14 of the 49

governors. In 1956 they had

only six. In 1952 they had 30.

In 1959-60 Republicans will

control both houses of the legis-

lature in only seven states—

Iowa, Kansas, Maine, New

Hampshire, New York, North

Dakota and Vermont.

In Michigan, Republicans hold

a 22-to-12 majority in the Sen-

ate, but the House is tied—55 R.

and 55 D.

By contrast, Democrats will

control both Senate and House

in 30 states. In eight other

states, Democrats will control

the House though Republicans

control the Senate.

In only one state, South Da-

kota, Democrats will control the

Senate while Republicans con-

trol the House.

Nebraska has a one-chamber,

nonpartisan legislature of 43

members.

Minnesota's legislature is also

supposed to be nonpartisan. But

candidates are designated Con-

servative (usually Republican)

and Liberal (usually Democrat-ic).

The Minnesota legislature

therefore divides 42 Conserva-

tives to 25 Liberals in the Sen-

ate, 59 Conservatives to 72 Lib-

erals in the House.

IN SUMMARY, REPUBLICANS

will control only 17 state

Senates, Democrats 30, with

Nebraska and Minnesota being

nonpartisan. Republicans will

control only eight lower houses,

Democrats 38 with Michigan be-

ing tied, Minnesota nonpartisan,

and Nebraska having no lower

house.

In 14 states there was no

change in the Senate and in

seven states no change in the

House. These were principally

southern and border states where

Democrats have 100 per cent

control or close to it.

Exceptions are Kansas, New

Hampshire, Utah, Vermont and

Wyoming, where Republicans re-

tain former Senate control.

It is the number of state legis-

latures lost by Republicans in

some key states that alarms

GOP leaders most.

In Connecticut, the GOP lost

24 Senate races out of 33 and

11 legislators in a House of 279

members.

In Indiana, Republicans lost 55

lower House seats though re-

taining Senate control 27 to 23.

In Ohio, Republicans lost 36

House members and nine sena-

## Twenty and Ten Years Ago

Jan. 9, 1939—Frank Campochiaro, local lawyer, was appointed journal clerk of the State Senate.

The Philadelphia Hebrews edged the Colonials 34-32 in an American League basketball tilt as two free throws in the last 12 seconds decided the game.

An overnight low temperature of 29 degrees was recorded here.

Jan. 9, 1949—State Comptroller Frank C. Moore was slated to be guest speaker at the fourth annual dinner of the Kingston Chamber of Commerce Jan. 22.

A hearing was due to open here on a petition of the West Shore division of the New York Central to remove two passenger trains from its schedule.

Final plans were in progress for the eastern meeting here of the New York Horticultural Society Jan. 26, 27 and 28.

A Public Service Commission hearing was set for Jan. 14 on a bid of the Mountain View Coach Lines for a fare boost.

## Believe It or Not!

tors. In North Dakota they lost 30 House members and 11 senators, though the GOP managed to retain control of both chambers.

In West Virginia, Republicans lost 27 House seats, in Pennsylvania 24, Wisconsin 22 and New Jersey 21.

REPUBLICANS MADE gains in only three states—Delaware two seats, Kentucky one, Pennsylvania one. The GOP gained in only three Houses, Arizona three, Kentucky two, Oregon four.

In 28 states Republicans lost from one to 11 Senate seats and from two to 19 House seats.

## BARBS

BY HAL COCHRAN

Like father, like son is okay, but most young men prefer to like laughter.

It's foolish to buy a new car these days when you have to sell it to get back on your feet.

A penitentiary in the West has a course in journalism. The students can write a lot in one sentence.

The better you master the art of ignoring your troubles the smaller they seem to be.

Living too fast sometimes leads to fasting to live.

So They Say..

The fiscal stability of the nation will be on the block in the next two sessions of Congress.

—Republican National Chairman Meade Alcorn, on Democratic economic policies.

How foolishly naive we must look to the people in countries of the world who watch our every move for signs of strength or weakness when a blustering puppet punches us in the nose and we, in turn, press 20 million dollars in aid upon him.

—Sen. Styles Bridges (R-N.H.), on latest grant to Gomulka government of Poland.

Our rapid conquest of outer space will be an empty victory if it leads to the neglect of inner space—of man himself.

—Brig. Gen. David Sarnoff, RCA board chairman.

Questions -- Answers

Q—How many stars and how many stripes were on the flag that inspired Francis Scott Key to write our National Anthem?

A—The flag had 15 stars and 15 stripes, for the original 13 states plus Kentucky and Vermont.

Q—Why were early prospectors of gold-rush days known as "sourdoughs"?

A—From their practice of carrying over a lump of sour dough from each biscuit baking to start fermentation of the next batch.

Q—Which of our presidents were born west of the Mississippi River?

A—Herbert Hoover, Harry Truman, and Dwight Eisenhower.

Q—When did the United States abandon the practice of making treaties with the Indian tribes?

A—In 1871. Treaties made prior to that time are still recognized.

### Surprised

NORFOLK, Va. (AP)—Mrs. Evelyn Peebles got a kick out of an exhibit of Confederate money here. One of the \$10 bills bore the signature of her mother who was a clerk in the Confederate treasury at Richmond.

## Today in National Affairs

## U. S. Viewed as Suffering From Divided Government

By DAVID LAWRENCE

WASHINGTON — Senator Thomas C. Hennings Jr., of Missouri, Democrat, has proposed that a Constitutional amendment be adopted which would do away with the two-term limitation and let a President of the United States be elected for as many terms as the people desire. This is a recognition at least that the two-term idea was a mistake, as many of us pointed out at the time it was proposed. But Senator Hennings doesn't go far enough. The problem today is not how to increase the influence of a President in his second term but how to achieve a responsible system of party government so that the American people can fix responsibility at any time and turn out the incumbents of both the executive and legislative branches simultaneously.

What America is suffering from today is divided government. For a period of eight years, the United States has not had the same party in control of both houses of Congress as it has had in the White House. To remove the two-term limitation on the Presidency solves nothing. It would leave it to the people to decide in each case whether a third term is desirable. Although the Democratic party in its 1912 platform had favored a single term for Presidents, Woodrow Wilson wrote, in February, 1913, just before he was inaugurated President, that four years was "too long a term for a President who is imposed upon and does not lead" and that four years was sometimes "too short."

Wilson's Prediction

Mr. Wilson leaned toward the principle of

## Lake Katrine School Adding Four Rooms; Will Need More

Under consolidation the Lake Katrine School will serve as the center for that attendance area, one of five in the rural area.

It includes the following school districts: Ulster No. 6 (Emma Wygant), Ulster No. 7 (East Kingston), Ulster No. 3 (Rudy), Ulster No. 4 (Lake Katrine), Kingston No. 1 (Upper Sawkill), Ulster No. 2 (Lower Sawkill) and Woodstock No. 7 (Zena).

At the present time the Lake Katrine School has seven classrooms and four are in the process of being added. The capacity of the school at the present time is 210 and with the four-room addition, this school will be able to handle 350 children. However, another 10-room addition is being planned so that it may be possible to house all the children—kindergarten through 6th grade—from Attendance Area 4. Presently there are approximately 525 youngsters, kindergarten through 6 in the attendance area.

EDWARD R. CROSBY

### New School Supported

In January, 1955, residents of the Lake Katrine School District voted overwhelmingly to authorize the construction of a modern seven-room elementary school. Following this vote, the Lake Katrine School was built in 1955-56 and opened for occupancy on September 1, 1956. The following facilities are included: Seven 900 square foot classrooms, a 52' x 92' multipurpose room (gym, auditorium, stage and cafeteria), administration and general offices, a health room, music and locker room, kitchen and general storage rooms. The general contractor was the Colonial Construction Co. Shirley & DeShaw were the architects.

In July, 1957, a \$60,200 bond issue was passed, authorizing the trustees to develop the grounds, construct and equip playgrounds and landscape and beautify the grounds. The playground program was finished in the summer of 1958. The school facilities are now available to all the boys and girls of the school district—elementary, junior and senior high school. During the summer, the facilities are made available to the town of Ulster recreation program.

### Four Classrooms Added

In August, 1948, the district voters voted 106-20 to authorize a bond issue of \$99,500 for the construction of four additional classrooms. This project is now under way and Larsen & Johansen were the successful general contractor bidders. Albert E. Milliken is the architect. It is expected that these rooms will be ready for occupancy in September, 1959.

At present there are seven grades—K through 6—being instructed in the Lake Katrine School with a total of 180 enrolled. The teachers and grade assignments are as follows: kindergarten, Miss Margaret A. Matthews; first grade, Mrs. Patricia Tienken; second grade, Mrs. Eleanor Russell; third grade, Mrs. Theresa DeWitt; fourth grade, Miss Patricia Perry; fifth grade, Arthur Hartigan; sixth grade, Peter Dyshuk, and principal, Edward R. Crosby.

In addition to the regular classroom teachers, many educational services are made available through the Board of Educational Cooperative Services.

Some of the services offered are: Physical education, art, music (vocals), instrumental music, nurse, dental hygienist, Dr. Harry C. McNamara is the school physician. These facilities and services have enabled the

district to carry on a modern educational program as prescribed by the elementary department of the New York State Education Department.

### Mrs. Ennis Retires

Prior to the construction of the new Lake Katrine School, Mrs. Margaret D. Ennis served as teacher-principal from 1919 until 1955. When the new school was completed, she continued as a teacher until her retirement in June, 1957. The board of education honored her many years of meritorious service by dedicating the multipurpose room to her.

The Lake Katrine school district as an official one, as far as the records show, goes back to the year 1811 when William Osterhout sold land to the trustees for the purpose of erecting a school house. At that time the Lake Katrine School was in the town of Kingston. The sum of money involved was \$20 and the deed now hangs in the lobby of the present Lake Katrine School building.

Other former districts in the attendance area, now operating schools are Emma Wygant, East Kingston, Zena and Upper Sawkill. The K-6 grades and secondary grades 7-12 of Ruby and Lower Sawkill are now being educated in Kingston. This contracting basis was carried on for several years, when it became necessary to close the one-room schools in those districts because of over crowding.

The East Kingston School is now operating with grades K-6 and approximately 60 children. The teachers are Mrs. Mattie Young, kindergarten and first grade; Mrs. Muriel Ausanio, 2 and 3 grades, and Mrs. Elizabeth T. Jenkins, grades 4-5-6.

The official name was Ulster 7. The building is approximately 100 years old. At one time grades K through 8 were housed there.

Upper Sawkill—official name Town of Kingston District 1. Teacher, Miss Cecelia J. Goldpaugh; grades taught, K through 4. The present school was built in 1922-1923, when a new district was formed, the Town of Kingston District 1, comprising the residents of the town formerly attending District 2, Town of Ulster, certain parts of the old district 2, Town of Kingston, Dutch Hill School and the Jockey Hill School which had burned. Until recent years the school included grades 1 through 8.

Emma Wygant, Ulster 6; grades taught, K through 5. Teachers, Mrs. Elizabeth Brophy, kindergarten and first grade; Mrs. Mary Ose, second and third; Miss Clara Van Steenburg, grades 4 and 5. Total of 46 children are enrolled.

**School Built 1924**

The school was constructed in 1924 and the building consists of four large classrooms, medical room or office on the main floor. The lower floor has a large gym and auditorium on one side and a kitchen and lunch room on the other. The building stands on about 2 acres of land off Route 32 and is near the Rhinebeck bridge approach.

The school is named in honor of Miss Emma Wygant, an outstanding teacher who taught in the community for many years.

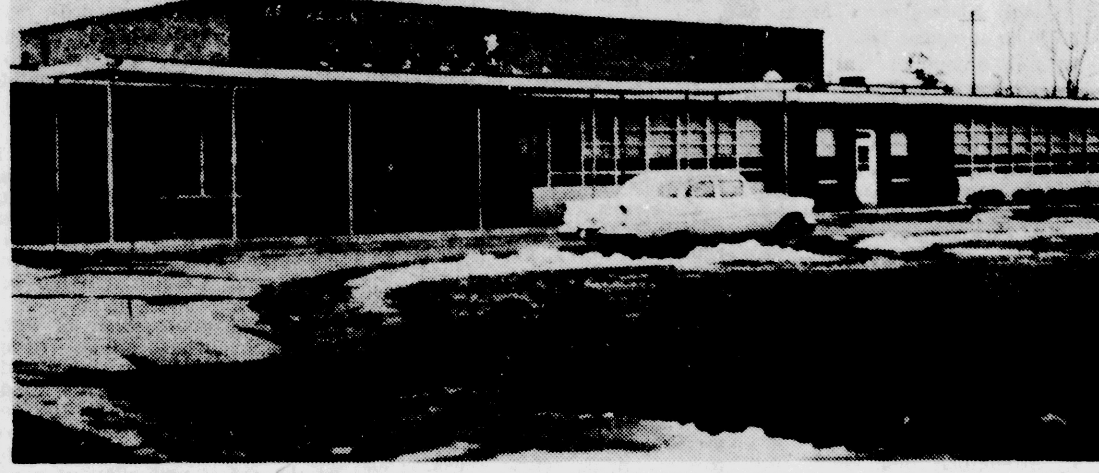

Prior to the erection of the Emma Wygant School, there had been two other schools in the district. The first was a one-room school on the Tuxtenbridge Road and the other a two-room school built on Route 32 a short distance above the present school. Miss Wygant taught in both these schools before her death in 1911. When need for a larger and more modern school arose, the present structure was built in 1924.

Zena-Woodstock 7—This district was formerly part of District 1, Town of Kingston. It has also been known popularly as the Wahgonk School and the Van Dale School. The old school was moved across the road from the present schoolhouse and has served as a church hall and an art gallery but is now vacant. The present school building was erected in 1914 and houses kindergarten thru fourth grades, with 19 pupils enrolled. Mrs. Fern Fafajta is the teacher.

Due to the number of new residents who have moved into the district it has become necessary to contract on a tuition basis some of the K-6 grade students. These pupils are now enrolled in Woodstock 2, West Hurley and Kingston.

Air is made up of about 78 per cent of nitrogen, necessary as food for plants. Another 21 per cent is oxygen on which animals and human beings depend for life.

**"DOBBS"**  
The TRUSS that is Different  
No bulb—no belt—no strap  
LANGER PHARMACY  
FE 1-1530  
549 Albany Ave. Kingston

**DATES FROM 1811**—The Lake Katrine School, one of five rural attendance centers under the enlarged city district, had its beginnings back in the early part of the 19th century when William Osterhout sold land to the trustees of

the district for the purpose of erecting a school house. The sum of money involved was \$20. The deed now hangs in the lobby of the school. Edward R. Crosby is principal. (Freeman photo)

**BOARD MEMBERS TAKE BOW**—Members of the board of education of the new consolidated school district as they appeared in a recent picture. Missing from the group are David Kline and Andrew T. Gilday. Gilday was appointed to the board last year by Mayor Edwin F. Radel and is the latest appointee to take his seat with the nine-member board which serves, of course, without pay as a public service. Chester Baltz, Sr., (standing second from left) served until his term expired last summer at which time Gil-

day was appointed to succeed him. He was a leading figure in the last several years during which the consolidation issue shook the city. Seated (l to r) Mrs. John D. Schoonmaker, Jr., Dr. Earl F. Soper (superintendent of schools), Robert H. Herzog (president), Robert O'Reilly (vice-president), Mrs. Vincent G. Connelly, Standing (l to r) George Schneider, Baltz, County Judge Louis G. Bruhn, Harold Darling and Robert S. Macdonald, assistant superintendent of schools. (Pennington photo)

## Qualified Residents of Area Eligible to Run

## Election of Members for Enlarged School District Will Be on May 5

When the Kingston city school system joined with 25 rural districts Jan. 1 to form an enlarged city school district the board of education became an elective board.

Previously the members of the board were appointed by the mayor.

Terms of office, now five years, will remain the same. Each year two board members were normally appointed to serve these five-year terms.

Under consolidation there will continue to be nine members of the board, each serving a five-year term. Occasionally, more than two members may be elected in the event a regular term of office is not served by the incumbent because of resignation or other reasons.

### First Tuesday in May

The annual school election is held on the first Tuesday in May. Any duly qualified citizen residing within the geographical limits of the new consolidated district will be eligible to vote for board members on Tuesday, May 5. At that time two board members will be elected for five-year terms. The incumbents whose positions must be filled are Harold H. Darling and Mrs. John D. Schoonmaker Jr.

It is especially important to note that the voting qualifications of persons residing in the city remain the same while those of persons residing in the rural portion of the district have been changed to give them the same voting privilege as the people in the city proper. Any person is entitled to vote in a school election in a city school district if he is a citizen of the United States, 21 years of age and an inhabitant of the state for one year, the county for four months or the election district for 30 days preceding the election.

It will be necessary for the board of education to divide the entire consolidated district into election districts. Such districts are designed to ultimately in-

clude a school where the people from that particular election district will vote for members of the board of education or on such propositions as may be submitted.

### Registration of Voters

Any person who voted in the last general election is automatically registered and is entitled to vote in the annual school election. The board of education is also required to appoint, not later than April 1, a board of registration who copies the general election registers and provide days of registration when people who did not vote at the general election may register and be made eligible to vote at the annual school election in May. As a part of the annual school election, the board of education also names inspectors of elections who conduct the voting procedure in each of the election districts.

Candidates wishing to have names placed in nomination must be nominated by petition which must be signed by at least 100 qualified voters within the school district in his behalf. This petition must be filed with the clerk of the board of education on or before 20 days preceding the annual election. The names of all candidates who have been properly nominated by petition are placed in alphabetical order on an official ballot that will list the names of all candidates. The names are arranged in alphabetical order. Blank spaces are also provided for those who wish to cast their ballots in favor of write-in candidates.

### Polls Are Open 12-9

Polls for the annual school election are opened from 12 o'clock noon until 9 in the evening. Immediately upon the close of the polls, the inspectors of each election district shall count the ballots and prepare a statement of canvass which shall be delivered to the clerk of the board of education on the day following the annual election. Unofficial reports should be available on the evening of the day of voting. It is the respon-

## Children's Home Lists Donations

The following donations were received by the Children's Home during the month of December and are acknowledged with thanks.

Food, Mrs. Frank Genthner, Church of The Comforter Couples Club, Francis W. Genthner Jr., Aiello's Restaurant, VFW Boy Scouts, Schwenk's Bakery, Seventh Grade Homemaking Girls, Ontario Central School, St. Mary's Cub Pack 18, Mrs. George Rusk, Mt. ## Today's Business Mirror

By SAM DAWSON  
AP Business News Analyst

NEW YORK (AP) — The state of the Union's business today is good. It's so healthy that President Eisenhower will offer a federal budget based in part on the expectation that corporate profits in 1959 will reach a record 48 billion dollars.

This compares with the 31 1/2 billion dollar annual rate in the first three months of last year. Many industries have climbed back from the slump in output remarkably fast.

What Congress will do for and to business this year is anyone's guess. Involved are such things as: taxes, labor legislation, anti-trust inquiries, monetary policies bearing on inflation, foreign trade.

Some think that what business will do for and to itself is still more important.

The rapidly with which profits are bouncing back may open up a Pandora's box of its own. If profits reach a peak of 48 billion dollars, that could inspire labor leaders to raise their sights. With prospects for labor-management strife this year already strong, this could increase the threat of major strikes.

Enough of these for long durations could play hob with the expectations of the administration to balance the budget with the aid of tax collections on record profits.

Peak profits probably wouldn't go unnoticed by consumers either. They might ask embarrassing questions about the need for such high prices.

Most businessmen seem content with the steady, if moderately paced, industrial recovery. Some chafe whenever the Federal Reserve Board tightens up on credit when it fears more inflation, which could be the aftermath of the current federal deficit and the continuing pressure of higher wages on prices. But as many, probably, fear inflation as much as they do tight money.

The activity of Congress over the next seven or eight months will be a major concern of business. The chances of corporate tax relief, strict regulation of labor, and a balanced budget seem poor. More preoccupation of congressmen with mergers and the growing size of big business is widely expected.

## Would Help Newsmen Under Immunity Bill

ALBANY, N. Y. (AP)—An assemblyman who practices law in the Catskills vows that no New York newspaperman ever shall be subjected to the Marie Torre treatment.

Miss Torre, a columnist for the New York Herald Tribune, is serving a 10-day jail term for refusing to disclose the source of confidential information.

The comedy newspaperwoman, mother of two small children, eats plain food, gets along well

### Dairyman Thinks Price Raise Would Benefit Consumers

ELMIRA, N. Y. (AP)—A spokesman for eastern dairymen says that a rise in the cost of milk would be in the best interest of the consumers.

John C. York, executive secretary of the Eastern Milk Producers Cooperative, wants a price increase of about seven per cent for dairymen serving the New York-New Jersey metropolitan area to insure an adequate milk supply.

Such an increase, he says, would probably mean a rise of about one cent a quart in the retail price.

In a statement issued Thursday, York contended the increase would benefit consumers in the long run because low prices are steadily driving farmers out of business, and there is real danger of a lack of an adequate supply of fluid milk developing if this trend continues.

York was one of the witnesses at a federal milk hearing held here earlier this week.

At the hearing eastern dairymen urged the U. S. Department of Agriculture to end or alter the provision of a marketing order linking their marketing prices to those in the mid-west.

Dairy interests in the mid-west opposed such a change on grounds it would lead to price increases, surplus production and greater competition between eastern and midwestern farmers.

Testimony from the hearing is subject to review by Secretary of Agriculture Ezra T. Benson, who decides whether or not to propose a change in the price rule.

### 1,900 Births Are

of twins Jan. 1 at the Benedictine Hospital. They were Nona Louise and Joan Elizabeth born to Mr. and Mrs. Philip Holmes Finch, PO Box 108, Hurley.

Total births in December, 1958, was 148. This was 20 less than the December, 1957 total and 14 less than the November, 1958 total. Birth recorded recently were:

Jan. 1—Harry Emerson Jr., to Mr. and Mrs. H. E. Rose, 36 Plateau Drive, Mt. Marion; Alan J., to Mr. and Mrs. Roger Jerome DePuy, Route 2, Box 460, New Paltz; Cheri Ann to Mr. and Mrs. Noble Francis Garrison, Broadway, Port Ewen, and Ronald Paul to Mr. and Mrs. Ronald Kahlfors, 332 Fourth Avenue.

Jan. 2—Earl Frederick 3rd, to Mr. and Mrs. E. F. ### Safety of Nation

## Main Points Of Message To Congress

WASHINGTON (AP)—Here in outline are the main points of President Eisenhower's State of the Union message today:

Over-all objective: "To promote strength and security, side by side with liberty and opportunity."

Lines of approach:

1. Seek to prevent war at any place in any dimension by assuring strong armed forces without useless expenditures.

2. Maintain a strong and expanding economy, fighting inflation and providing better opportunities for Americans.

3. Pursue a foreign policy dedicated to building a permanent and just peace in a world community of strong, stable independent nations.

4. Strengthen individual freedoms by new legislation in the fields of civil rights and labor-management relations.

5. Work for the cause of freedom under law throughout the world.

Mass destruction has reached fearful proportions.

The United States, Eisenhower said, seeks only a just peace for all.

"Yet we realize there is an uneasiness in the world because of a belief on the part of peoples that through arrogance, miscalculation or fear of attack, catastrophe war could be launched," the President added.

He said the new fiscal year commitments for America's armed forces, the Atomic Energy Commission and military assistance abroad exceed 47 billion dollars, about 60 per cent of the total budget.

Eisenhower put the estimate in general terms.

Eisenhower took no direct note of Democratic contentions that the United States is not going far enough fast enough in the missile and general space fields.

Notes Space Strides

With such things as the Soviet Union's rocket to the sun area obviously in mind, the President said, "We clearly recognize that some of the recent Soviet achievements in this particular technology are indeed brilliant."

But he said this country, too, has made great strides. The 4 1/2-ton Atlas rocket in orbit around the earth illustrates a steady advance, he said.

New and greater developments preoccupy the major portion of the nation's scientists," he said.

Eisenhower called on the nation to remember that these advances and the development of new weapons cost terrifically. He said it must be kept in mind how rapidly weapons become obsolete. "We must guard against feverish building of vast armaments to meet glibly predicted moments of so-called 'maximum peril,'" he said.

As for the cost, he cited these as some examples:

The expense of putting intercontinental Atlas missiles into the armed forces will average 35 million dollars a missile on the firing line; seven billion dollars is being spent on the over-all missile program this fiscal year; atomic submarines cost 50 million dollars each, with some special types costing three times that much, certain types "cost their weight in gold."

The President announced he is requesting Secretary of the Treasury Robert B. Anderson to study revision of the tax structure "to remove inequities and enhance incentives for all Americans to work, to save and to invest."

He promised to recommend such revision as soon as fiscal conditions permit.

"These prospects will be brightened if 1960 expenditures do not exceed the levels recommended," Eisenhower said.

As for the Communist threat, Eisenhower repeated that the United States is determined to stand firm, for example, against the Soviet Union's plan for ousting the Western Allies from West Berlin.

Must Be Militarily Strong

Calling world peace America's overriding goal, the President said it cannot be built through desire alone and that this country must stay militarily strong.

"Moreover," he said, "we have learned the bitter lesson that international agreements, historically considered by us as sacred, are regarded in Communist doctrine and in practice to be mere scraps of paper. The most recent proof of this disdain of international obligations, solemnly undertaken, is their announced intention to abandon their responsibilities respecting Berlin."

"As a consequence, we can have no confidence in any treaty to which the Communists are a party except where such a treaty provides within itself for self-enforcing mechanisms."

Seeks Just Pace for All

In calling for a sensible posture on defense, Eisenhower said this is a time when man's power of

### Financial and Commercial

NEW YORK (AP)—The stock market surged toward another record peak in extremely heavy trading today. Some initial gains were pared early this afternoon.

Gains of fractions to more than a point were held as the market advanced on a broad front. The earlier gains stretched to about 2 points for pivotal issues.

More than a million shares were traded in the first hour. The pace remained heavy but slightly below the early rate.

The ticker tape was as much as five minutes behind transactions at one phase—the worst delay since the sharp correction of Nov. 24.

The rise of industrials included good gains by copper, steels, motors, chemicals, aircrafts, electronics and selected issues. Oils and airlines were mixed. The utility and rail sections also rose.

### Supervisors

lack of heat, called attention to the "wooden staircase which is the only access to the Surrogate's Court ... an obvious fire hazard located directly over the antiquated heating plant." He also called attention to lack of storage space for records, the fact that many elderly people use the Surrogate's court located on the top floor of the building.

Advices Action

Gaffney suggested that "if a new building is not feasible at this time, your board should certainly take some immediate action toward finding other quarters and relocating the Surrogate's and County Clerk's offices."

County Commissioner of Public Welfare, whose offices are located in the old "Preston Building" adjoining the clerk's building, called attention to the recent fire, which might have turned into a catastrophe except for the quick and efficient work of the Kingston Fire Department, and also the fact that the electric wiring is defective.

"We have been advised that there were not adequate exits and possible escape factors in case of fire from the second floor," Sutton stated. "Those on the second floor 'won't have a chance on the second floor if a fire gains any headway,'" Sutton said he had been advised by a member of the fire department.

Building 100 Years Old

Sutton called attention to notices from the Department of Social Welfare of the inadequacy of the building, which is approximately 100 years old, and in particular to a report of that department in July of 1958 which criticized the inadequacy of the facilities, lack of interview space and referred to a report made back in 1954 which advised that adequate facilities be sought.

"At the present time older records are stored in the basement of the Motor Vehicle office and the New Paltz Infirmary. These records create a fire hazard for both these facilities," Sutton stated.

He asked that action be taken to safeguard the employees, protect the records which cannot be replaced and offered to sit in with the board and discuss the matter.

Flery Discussion

Melnick's motion to refer the matter to the Building Committee brought forth a lengthy and heated discussion.

However Chairman Relyea referred the Melnick suggestion to the committee for consideration.

Supervisor James Martin (R) 12th Ward, said a year ago when the County Office building program was defeated he challenged the Democratic party to offer some suggestion or proposal as to how the situation could be handled "before a holocaust happens." He said a new county office building was needed then and now and he referred to the land owned by the county upon which a building could be erected. He said the suggestion of Melnick was the first constructive one he had asked "what are we waiting for?" Martin said the program should be a bi-partisan one "for good government" and he charged the minority party with obstructing such good government.

Cites 8-1 Committee

Minority Leader John J. Gaffney (D) Lloyd, with other members of his party took issue with the statements of Martin and Gaffney said if the matter was handled by a bi-partisan committee, rather than an 8 to 1 committee something probably could be worked out, but he referred to the speed and accord in which the Community College program went through under the guidance of Fred D. Bois and a "3 to 2" committee.

Martin urged a new county building, return of several of the present county owned properties to the tax roll and said to spend money on the present obsolete buildings was a waste of money.

Supervisor James T. McCordle (D) 9th Ward, called attention to his suggestion made last March that a microfilm project be installed for county clerk record preservation.

McCordle said he noted now in the communication of County Clerk Craft such a program was recommended. He said the films could be made available for casual use and the original records stored in a safe place.

The discussion on the county office situation took up a large portion of the organization meeting of the board.

### Broad Powers Sought For Teamster Cleanup

WASHINGTON (AP)—Teamsters Union monitors hope to get today broad court powers to force a real cleanup of the Teamsters Union.

The monitors carried to U. S. District Judge F. Dickinson Letts an order for his signature implementing the court's ruling last Dec. 11. The court found then that Teamsters President James R. Hoffa has been frustrating and blocking monitor-suggested reforms.

The order would give the monitors powers to break the machine that helps Hoffa rule the 1,600,000-member Teamsters.

Hoffa's lawyers were prepared, however, to urge Judge Letts to tone down the order, particularly one part aimed at barring Hoffa from holding a special union convention in March.

Martin F. O'Donoghue, chairman of the three-man monitor board, said the monitors have a long list of complaints against Hoffa but have delayed acting because of a running battle with the Teamsters over the extent of monitor powers.

Ground Clearing Starts in Ulster For Arterial Way

Ground clearing and bulldozing operations were in progress this week east of the Sawkill and Brabant roads by employees of John Arborio, Inc., of Poughkeepsie, contractor for Kingston's arterial route system.

First operations were in the vicinity of the John McCreary farm, Brabant road, Town of Ulster. Trees and brush are being cleared from the

## IBM Fund Gives \$1,000 to Fight Multiple Sclerosis

A contribution of \$1,000 to the National Multiple Sclerosis Society by employees of the local IBM plant has been acknowledged by Benjamin W. Lambert, administrative director, in a letter to Miss Esther Goldman, a member of the local chapter.

The check represents profits from beverage vending machines located throughout the plant, and Lambert, in a letter to Miss Esther M. Hornblow, vice-president of the Kingston IBM Club, said:

"Miss Esther Goldman forwarded to us your welcome letter with the check in the amount of \$1,000 representing a generous contribution from the employees of IBM in Kingston.

"We are most appreciative of your group's intelligent awareness of the importance of our research program and the fact that such a program is necessary in the interests of health and welfare of our country.

"It will interest you and the others involved in generous contribution to know that it is estimated the Society spent approximately \$300,000 on its medical and scientific program in 1958. This is considerably more than had been spent in each of the two previous years.

Dr. Thomas L. Wilmon, the Society's medical and research director, characterized the Society's research activity as the best \$300,000 program that can be achieved with the funds available. This is attributed to the care and selectivity exercised in making grants and insuring enlistment of competent investigators with sound methodology and advanced techniques.

"With more thanks to your group for their contribution to one of the most important aspects of our work and with best wishes for the new year . . ."

### LEGAL NOTICES

STATE OF NEW YORK COUNTY OF ULSTER—RAYMOND H. COLES and JOSEPH J. COLEMAN, Plaintiffs, vs. MASTERPLANNED, INCORPORATED, ARTHUR C. GRANQUIST, JOSEPH GRANQUIST, and the PEOPLE OF THE STATE OF NEW YORK, Defendants.

In pursuance of a judgment of foreclosure and sale rendered in the above entitled action and bearing date the 21st day of November, 1958, I, the undersigned, Clerk of the said court, do hereby certify that the said judgment named, will sell at public auction, at the door of the County Court House, No. 28, Wall Street, in the City of Kingston, New York, on the 15th day of January, 1959, at 10:30 A. M., the premises described in said judgment as follows:

ALL THAT TRACT, PIECE OR PARCEL OF LAND, situate on the easterly side of the State Highway leading from East Kingston to Glasco, in the Town of Ulster, County of Ulster and State of New York, and more particularly bounded and described as follows:

Beginning at a point a post set in the ground with the easterly boundary of above mentioned State Highway, and the southerly corner of lands belonging to Sorenson, thence along the southerly line of Sorenson, a old fence line South 47° 37' E 144.7 feet to a stake set in the ground at the corner of lands of Sorenson, thence S 37° 41' W along lands of Kingston-Ulster Airport, Inc., to a point on the northerly line of lands belonging to Lewis, thence N 49° 02' W along the northerly boundary of lands of Lewis to a stake driven in the ground and in the bounds of lands belonging to Harry Wood, thence N 32° 19' E along the bounds of said Harry Wood 140.0 feet to a stake driven in the ground, thence N 49° 02' W along the northerly boundary of lands of Harry Wood 350.0 feet to a stake driven in the ground in the line of the State Highway, thence N 32° 19' E along the easterly boundary of said State Highway 265.6 feet to the point of beginning.

Being part of the first parcel of land conveyed to Kingston-Ulster Airport, Inc., party of the second part herein, by deed dated August 16, 1956 and recorded in the Ulster County Clerk's Office on June 10, 1954 in Liber 892 of Deeds at page 448.

Being the same premises conveyed to Arthur C. Granquist and Joseph Granquist, the mortgagees herein, by Kingston-Ulster Airport, Inc., the mortgagor herein, by deed bearing even date and intended to be recorded simultaneously herewith, the above mortgage being given to secure a portion of the purchase price for the premises herein described.

The said premises being also described in a certain deed from Hal C. Purdy to Masterplanned, Incorporated, dated August 15, 1956 and recorded in the Ulster County Clerk's Office on June 10, 1954 in Liber 975 of Deeds at page 498 as follows:

ALL THAT TRACT, PIECE OR PARCEL OF LAND, situate on the easterly side of the State Highway leading from East Kingston to Glasco, in the Town of Ulster, County of Ulster and State of New York, and more particularly bounded and described as follows:

Beginning at a point on the easterly side of State Highway Route No. 12 leading from Kingston to Saugerties, said point being the Southwesterly corner of lands of John S. Sorenson, running thence along the easterly side of said State Highway S 32° 44' W 265.6 feet to an iron pipe at the northerly corner of Harry Wood; thence along the northerly line of lands of Harry Wood S 49° 11' E 350.0 feet to an iron pipe, thence along the easterly line of lands of said Wood S 31° 52' W 140.0 feet to an iron pipe, thence along the northerly line of lands of Margaret C. Lewis and a brush row and wire fence S 49° 11' E 105.38 feet to a point, thence along the westerly line of lands of Hal C. Purdy, formerly the Kingston-Ulster Airport, and wire fence N 37° 24' E 356.71 feet to a corner post, thence along the southerly line of lands of John S. Sorenson N 47° 23' W 144.62 feet to the place of beginning.

Containing 11.669 acres more or less.

The above described property included all of the premises which were conveyed by Arthur C. Granquist and Joseph Granquist to Hal C. Purdy by deed dated August 4, 1956 and recorded in the Ulster County Clerk's Office on June 10, 1954.

Dated: December 1st, 1958.

NOTICE OF ANNUAL MEETING  
Notice is hereby given that the annual meeting of the stockholders of the State of New York National Bank will be held at the Banking House, Kingston, N. Y., on the 12th day of January, 1959, for the election of directors for the ensuing year and for the transaction of such other business as may come before the meeting.

Polls open from 11 A. M. to 12 Noon.  
Dated at Kingston, N. Y., December 12, 1958.  
ROBERT C. MURRAY,  
Cashier

## High Falls

HIGH FALLS — The High Falls 4-H Happy Homemakers will hold an ice skating party Friday at Jane Sarr's home. Hours are from 7 to 9 p. m. for the younger group and from 9 to 11 for the older ones. Each girl will bring a partner and enough food for both. The next business meeting of the Happy Homemakers will be the first Tuesday evening of February at 7 p. m. at the home of Judith Brooks.

The High Falls Civic Association will hold its monthly meeting Monday 8 p. m. in the firehall. All interested persons may attend. The annual outdoor Christmas lighting contest was reported a success. Winners were Mr. and Mrs. Floyd Turner Sr., first; Mr. and Mrs. Robert VanKleeck, second; and Mr. and Mrs. Raymond Bauer, third. Judges were the Mesdames Frank Lynch, Clarence Winchell and Lawrence Schiffer.

Due to the holidays, the January meeting of the Home Bureau has been canceled and the next meeting will be the first Thursday in February. At this meeting officers for the ensuing year will be elected. The place of the meeting will be announced later.

Mr. and Mrs. John Fascianella entertained the daughter, and son-in-law, the Walter Romans of Norwalk, Conn., over the New Year's holiday.

Miss Anna Draudt and Mrs. Elsa Hart visited Mrs. Magda Andersen of Woodstock recently.

Mr. and Mrs. Edmond O'Hara of Conestoga were recent visitors of their parents, Mr. and Mrs. Roy Ransom.

Mr. and Mrs. Raymond Page of Susquehanna, Pa., spent the weekend with Mrs. Page's sister and brother-in-law, Mr. and Mrs. Ernest Jansen.

Miss Harriet Church was a supper guest of Mrs. Elsa Hart and Miss Anna Draudt Saturday evening.

Miss Edna TenHagen and father, Charles TenHagen entertained at a dinner party Sunday evening Mr. and Mr. Auley Roosa of Hurley and Mr. and Mrs. Ernest Jansen.

Col. Stack and family of North Carolina are visiting his mother, Mrs. Earl LeFevre.

### LEGAL NOTICES

## Rhinebeck Man Named to Bard College Board

Two new members have been elected to the Board of Trustees of Bard College, it was announced Wednesday by Dr. Harry J. Carman, chairman. Each will fill an unexpired five-year term ending in June 1961.

They are: Lester Gutterman, New York attorney and leader in various Jewish and nonsectarian civic and philanthropic organizations, and Henry L. Scott, investment adviser, of Rhinebeck.

Gutterman is a member of the National Commission of the Anti-Defamation League and Chairman of the United Nations Committee for the Coordinating Board of Jewish Organizations. He is also a member of the Westchester Council, the State Commission Against Discrimination, and holds local, state and national offices in B'nai B'rith. A member of the law firm Gutterman, Reichbart & Kucker, Gutterman is a director of Russeks and Colson Corporation. He is a resident of Mamaroneck.

Before devoting himself to a number of business interests, Scott appeared nationally for many years as a concert pianist. He now serves as an investment counselor and manager of a number of investment trusts. A native of Dutchess County, Scott has long been active in local civic affairs. He is a member of the Edgewood and Millbrook Golf and Tennis Clubs.

Catholics Report Census

BUFFALO, N. Y. (AP)—A census by the Roman Catholic Diocese of Buffalo shows that 28 per cent of 151,123 residents in Chautauque County are Catholics.

Twenty-two per cent of the 33,476 persons in Wyoming County and 33 per cent of the 32,899 in Orleans County are Catholics, the census shows.

## Steel Output Down

BUFFALO, N. Y. (AP)—Steel production in the Buffalo area is down 63.5 per cent of rated capacity today, with another of Bethlehem Steel's open hearth furnaces out of production.

Bethlehem is now operating 20 of its 35 steel-making open hearths at its Lackawanna plant. Republic Steel Corp. and the Wickwire Spencer Steel Division of the Colorado Fuel & Iron Corp. are running a combined total of six out of 12.

Annual wheat production of the United States and Soviet Russia approximately equal each other.

## CYO Judges Name Outstanding Crib Scenes in Area

Crib Scenes were visited on December 27, 28, Jan. 3 and 4 by judges for the Catholic Youth Organization. In accord with contest rules, only exterior creches were viewed for competition.  
The judges found as follows:  
Open Division: Trio of entries by the Alumnae of St. Ursula Academy, one located in each principal section of Kingston. Awarded CYO Plaque.  
Other awards in open division—Gold Medal—Church of Presentation, Port Ewen; St. Peter's Church, Kingston; St. Peter's Church, Rosendale.  
Silver Medal—Children of Mary, Immaculate Conception Parish, CYO Club, Immaculate Conception Parish.  
Family Division: Best in Division—John F. Mauro, Besilou, Glasco.  
Gold Medal—Joseph Bianco, Rosendale; William Prendergast, Bayard Street, Port Ewen; Peggy Bujak, 118 Third Avenue, Kingston.  
Silver Medal—Augustus Stopczynski Jr., 82 Brewster Street, Frances Stepski, 9 Third Avenue, William Sweeney, 68 Third Avenue.  
Bronze Medal—Samuel DeGraff, 31 Third Avenue, Joseph Van Etten, 11 Abbey Street.  
The Catholic Youth Organization and its committee of judges wish to thank all participants of the contest for their interest and fine spirit in helping to promote the companion to "Keep Christ in Christmas." There were many entries which though beautiful and following the theme explicitly could not qualify, for various reasons for the awards. All entries had to be displayed outside where they could be viewed by the public.

Annual Doll Show Set for January 11  
The Ulster County Division of Catholic Youth Organization will sponsor a doll show for girls between the ages of six and 16.  
The event will take place at St. Peter's School Hall, Rosendale, Sunday, Jan. 11 at 2:30 p. m.  
Dolls entered must be the personal property of the contestant. No limit to the number of dolls entered has been set. Each doll must have an identification slip showing name and address of the girl entering the doll.  
All contestants will be responsible for the safety of their dolls. Entry blanks are available at the CYO office, 23 West Pierpont Street.  
Dolls will be judged as follows: largest, smallest, prettiest large, prettiest small, old fashioned, homemade, most beautiful, most unique, characters, foreign, families, collections.

## Physician Speaks Before Hurley Grange

The Hurley Grange held a regular meeting Wednesday at the Hurley Fire Hall.  
A program arranged by Mrs. Frank Kruefz included the showing of the film, "The Other City." The showing was arranged through the Ulster County Unit of the American Cancer Society.  
Dr. Philip W. Goldman of Kingston spoke to the Grange members and their guests following the film which dramatically pointed out the tragedy of the 75,000 needless deaths from cancer which occur each year.  
Films and other instructional material are readily available through the Ulster County Unit of the American Cancer Society located at 400 Broadway, this city.

## Hurley P-TA Views New Cancer Film

The Hurley Parent-Teachers Association at its regular meeting held recently in the Hurley School, enjoyed an informative program arranged by Douglas Masterson, Town of Hurley Educational Chairman of the American Cancer Society.  
The film "The Traitor Within" was shown and Dr. William E. Askew was guest speaker.

## Home Extension Service News

**YOUR GROCERY BILL**  
All that you buy in today's grocery stores is not food. In fact, non-edibles account for about 15 cents of every grocery dollar we Americans spend. The part non-edible take of our grocery bill reflects the growth of supermarkets, similar in service to the general store of a century ago.

A century ago the general store in small villages or at country crossroads offered goods for both farm and household needs. It was the service center where people came from miles around to buy items as varied as kerosene and calico, pickles and salted mackerel.

By the turn of the century, the role of the general store had dimmed. Urbanization was under way. Retailers specialized, and grocery stores featured mainly food. Now, some 50 years later, the growth of large-scale food stores has brought many aspects of the one-stop shopping center, the old-time general store. The non-food line as part of supermarket merchandise has increased rapidly, particularly since World War 2. The development of large food markets has made possible the stocking of an increasing variety of items. The medium number of items stocked per store increased 50 per cent from 1952 to 1957 in large supermarkets. Today most of the large supermarkets carry 4,000 to 6,000 items, compared to 1,000 a generation ago. And the number is increasing.

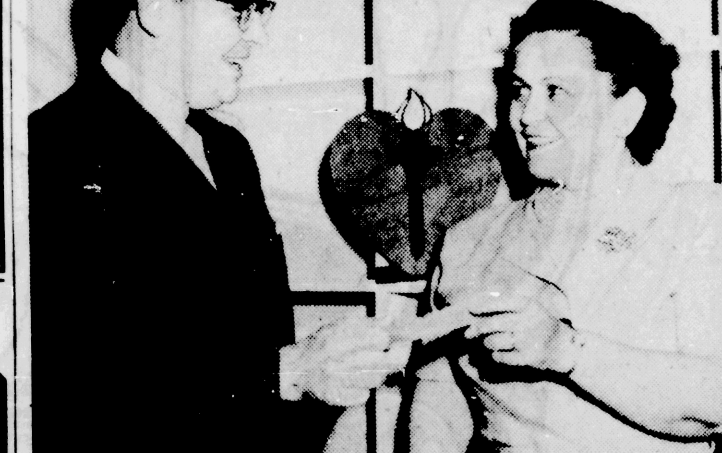

The size of the store and the amount of shelf space available influences the number and variety of non-foods offered. Eighty-three linear feet, or 12 per cent of grocery space, was used for seven types of non-foods in the average supermarket surveyed recently by "Progressive Grocer." The items per store numbered over 1,000.

Americans spend nearly 15 per cent of their food store dollar for non-edibles, according to a consumer expenditure survey conducted in 1957 by "Food Topics" and "Food Field Reporter."

Among the non-edibles supermarkets stock are those termed grocery products and long associated with the purchase of food. These include tobacco products, pet foods, and household supplies such as soap and paper towels. The other non-edible grocery stores offer are called non-foods. Among non-foods, health and beauty aids are widely available. Ninety-eight per cent of the nation's supermarkets carry them, according to a survey conducted by the Supermarket Institute in 1957.

The next most common non-food item stocked is housewares, with 87 per cent of stores surveyed handling the item regularly. Other non-foods in today's supermarkets include magazines and newspapers, phonograph records, toys, and greeting cards.

Retailers today are giving considerable thought to the future of non-foods in supermarkets. Supermarkets are an outgrowth of the depression years. They appealed with low prices to cus-

**\$50 CHECK FOR HEART FUND**—Mrs. Peter Torigian, right, Royal Matron of the Mystic Court 62, Order of Amaranth, presents a gift of \$50 to William S. Keyser, chairman of the Ulster County Heart Fund. In accepting the donation Wednesday, Keyser said the contribution would help support medical research and an education program as well as provide community services such as rheumatic fever prophylaxis program and diagnostic service. He also expressed appreciation to the members of Amaranth for their concern and service. (Freeman photo)

## Prospective Bride Of Edward Avery

LOIS JEAN FOLWELL

Mr. and Mrs. James Folwell of Connelly announce the engagement of their daughter, Lois Jean, to Edward Walter Avery, son of Mr. and Mrs. Francis Avery of Connelly.

Miss Folwell attended Kingston High School and is employed by F. Jacobson's and Sons. Her fiancé is employed by the Town of Esopus.

A June wedding is planned.

## Sisterhood Official Will Speak Here Wednesday, Jan. 14

Sisterhood of Temple Emanuel will hold its monthly meeting on Wednesday, Jan. 14, at the home of Dr. and Mrs. Saul Goldfarb, 222 Pearl Street. A cake sale will also be held. The evening promises to be outstanding since the speaker was obtained from the State Federation of Temple Sisterhoods. She is Mrs. Sidney M. Goetz, a member of the Board of Directors of National Federation of Temple Sisterhoods, District No. 3. (New York State and Eastern Canada) and chairman of the Ways and Means Committee.

Mrs. Goetz was born and raised in the Borough of Manhattan, New York City, and is the daughter of the late Judge and Mrs. Isidore I. Haber. She is a graduate of the New York School of Design and the Academy of Arts and Sciences in Brooklyn. She is married to Sidney M. Goetz, an attorney, and is a member of Temple Sinai, Roslyn Heights, L. I., whose rabbi is Alvin Rubin. After having served the Sisterhood in many capacities, Mrs. Goetz became the vice president of Ways and Means in 1955, and president from 1956 through 1958. She is now president of the Roslyn Jewish Community Council. Refreshments will be served.

**Plank Road Unit**  
Plank Road Unit will meet Tuesday, 8 p. m. in Boice's Hall.

## Good Taste Today

By EMILY POST

Author of "Children Are People" and "Etiquette" etc.  
AN OVER-EXACTING FIANCEE

Dear Mrs. Post: My fiancée has a room in a private house. The owner of the house is a widow and after her husband's death put up for rent three of the rooms in her very large house. My fiancée has one of them, a middle-aged schoolteacher has the other and just recently the third room was rented to a young man. Very shortly, the owner of the house is going to visit her daughter who lives in another city for a weekend and it so happens that the schoolteacher will also be away that same weekend, leaving my fiancée and the young man alone in the house. I think it would be very improper for her to stay there while the others are away and that she should either go and stay with a friend or else go to a hotel for the weekend. I would very much like your opinion on this matter.

Answer: Taking it for granted that they are both perfectly decent people, I don't see how anyone could possibly criticize this temporary situation.  
**Two Juniors in One Family**  
Dear Mrs. Post: Our first son was named for my husband and carries the suffix "Jr." We would like to name our second son for my husband's father. I understand that a child named for either father or grandfather is "Jr." If this is true, it will mean that both our sons will carry the suffix "Jr." I think two juniors in one family will be very confusing and thought very strange by most people. What do you advise in this situation?

Answer: While very unusual, it is correct. However, if you prefer, you could name the child who is named for his grandfather, "2nd."  
**Congratulating a New Vice-President**  
Dear Mrs. Post: A business acquaintance of mine has just been made vice-president of a large company. I would like very much to write him a note of congratulation. Will you please tell me how to word such a note?

Answer: Write: "Dear Mr. Jones, May I send you sincere congratulations upon your election as vice-president of the X Company—and wish you every success. Sincerely yours, John Brown."

Should the wife sit in front with her husband when taking friends for an auto ride? Mrs. Post is sorry she cannot answer personal mail. However, Leaflet E-15, "Manners in Public," includes the answer to this question. To obtain a copy, send 10 cents in coin to Dept. EP, c/o The Kingston Daily Freeman, P.O. Box 99, Station G, New York 19, N. Y.

## Simplicity Is Necessity Today for Women Says Antoine, Parisian Dean of Hairdress

By DOROTHY ROE  
Associated Press Women's Editor  
America's most elegant women live either in New York or in smaller cities such as San Diego, says Antoine, Parisian dean of hairdress.

After a two month tour of American cities, his first in several years, the temperamental and fabled Antoine airs his views of the American scene, feminine gender, as follows:  
"Small-town women often are better-dressed than those who live in big cities. San Diego women, for instance, are much smarter than those of Los Angeles. San Francisco women are charming, but the elegant ones live in the clouds—you never see them in public. Those seen in restaurants look neat and clean, but styled by mass production."  
As to other cities visited during his tour, here are his ratings: Washington: "Women dress much more formally than in other sections, but are inclined to be stiff."  
Philadelphia: "As to elegance very poor."  
Hollywood: "It's not real, everybody's on exhibition."  
Houston: "It's so big you never see women walking—only riding in cars."  
Chicago: "There's only one good thing about Chicago—the lake." Antoine says he finds few mistakes in good taste among American women but there is a lack of individuality.  
"Everybody is too rushed here," says he. "People don't have time to be different. Buyers order dresses by the thousands, and customers buy them the same way. If every woman has the same hairdo, it's because the hairdresser is too busy to be creative."  
And he predicts a trend to greater simplicity in both dress and hair styles, because:  
"Designers cannot change the lives of women. Today's way of life makes simplicity a necessity."

## Cancer Society Institute to Be Held at Syracuse

The annual statewide Educational Institute of the New York State Division of the American Cancer Society will be held on January 18, 19 and 20 at the Hotel Syracuse in Syracuse.

The intensive educational program promoted by this organization has been proved to be instrumental in saving lives in the dramatic fight being waged on both lay and scientific fronts against cancer.

The purpose of the annual institute is to better equip the volunteers to carry on their self-help preventive program against cancer. The sessions will be multi-faceted in their coverage of "Cancer in Men" and "Uterine Cancer in Women." Patterns for reaching people in all walks of life and all locales of their daily living will be established at this meeting for the benefit of the lay worker who must administer the program.

Representatives from national, state and county levels of the organization will participate with panelists from labor, industry and the medical profession, with the pooling of mutual knowledge for the benefit of humanity as a goal. The sessions will be under the leadership of Mrs. Laurence Marble, New York State Director of Volunteers and Education, and Alan Stevenson, executive director of the New York State Division of the American Cancer Society.

## College Alumni Club To Elect Officers Thursday, Jan. 15

The Boston College Club of the Mid-Hudson Valley will hold an election of officers at a meeting Thursday, Jan. 15, at 8:30 p. m. in Aloy's Restaurant, Garden Street, Poughkeepsie. Wives are cordially invited.

At the meeting, final plans will be formulated for a trip to the B. C. Army hockey game at West Point February 7 and the visit by the President of Boston College at the time of the game.

An informal dinner will be available for \$2.00 at 7:30 p. m. at the restaurant.

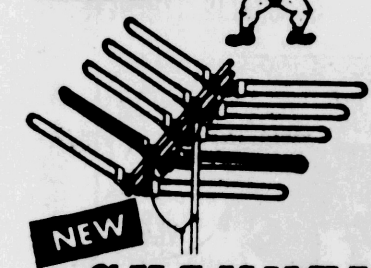

## Rochester Firm Offers Low Bid on Paltz Job

A Rochester firm submitted the lowest of 19 bids for electric work at State University Teachers College, New Paltz, according to J. Burch McMorran, superintendent of public works, who announced bids were opened Wednesday.

Horacek Hayden Inc., of Rochester bid \$75,576 for the electric work on the electric substation, service connections and appurtenant work at the college.

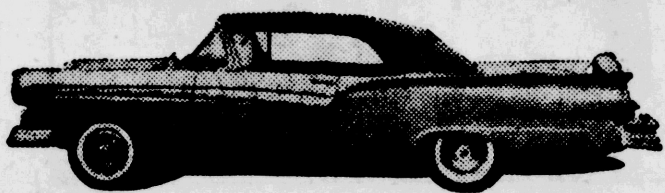

A total of 172 bids were received by the State Department of Public Works on 14 projects for construction, repairs and alterations to state owned facilities.

## Freedom of the Press Is Topic of Address Before DAR Members at Thursday Meeting

The mechanics of a newspaper, its history and the role it plays in the lives of people were discussed in an address made by Mrs. Alexander Narel, Freeman Society Editor, before a meeting on Thursday of the Daughters of the American Revolution, Wiltwyck Chapter.

Mrs. Narel, guest speaker for the afternoon meeting, met with the group of the DAR Chapter House, Green and Crown Streets. In her address, Mrs. Narel said that newspapers have always played a vital role in forming public opinion and that the history of journalism in America cannot be separated from the development of the democratic idea.

"Democracy owes not only its strength to journalism but, in whole or in part, all of its important victories," she said. "No political advance has ever been accomplished without the aid of the press."

"Journalism, in turn, owes to

democracy its enjoyment of enormous privileges. Its practical admission into the government. In the fight for liberty in this country, the people found that the free press was a powerful weapon by which they were able to wrest from tyranny the power of government.

"... but once the freedom of the press is endangered—once this door is closed—it will be the end of democracy. A free press is the symbol of freedom for all."

In conclusion, Mrs. Narel said, "The pioneering days of our great country are not over with and done—they are just beginning! As members of the DAR it is part of your aim—part of your doctrine to see that this country's Constitution becomes a living document—not just words on paper."

"The growth of this country depends upon people with ideals—people who really want to make it a living doctrine—not just give it lip service."

## Adventists Set Sabbath Service

Sabbath school of the Seventh-day Adventist Church will open at 10 a. m. with a song service. Gene Hunter, superintendent, will lead out in the opening exercises. Class study of the lesson will follow. The children will meet with Mrs. Andrew Seaman and her assistants in their Sabbath school rooms.

Divine worship will begin at 11:30 a. m. The Rev. Eric R. Norman, pastor, will speak on "Mary's Alabaster Box." Holy Communion service will take place during the church service.

Saturday 7:30 p. m. there will be an important church board meeting. All members are urged to attend.

Monday the Dorcas Society will meet at the church from 2:30 p. m. to 4:30 p. m. Members will note the change in time.

Wednesday 7:30 p. m. fellowship hour will be held at the church.

Next Saturday is Religious Liberty Sabbath.

## Flynn in From Cuba, Says He Helped Castro

NEW YORK (AP)—Actor Errol Flynn flew in from Cuba Thursday and scoffed at denials by some rebels that he took part in the mountain campaign of victorious Fidel Castro.

He alighted at Idlewild International Airport wearing a blue blazer with red buttons, blue slacks, and carrying a black walking stick. Around his neck he had a black bandana decorated with a number of emblems.

Flynn said Castro told him the emblem was to be the new flag of Cuba when he gave it (the bandana) to me. The actor said he left Castro Saturday night. Castro made a triumphant entry into Havana Thursday.

As for reports he was not in the revolutionary campaign, Flynn said: "I think it is envy and animosity. I was the first one there before anyone gave this guy a hope."

Flynn said he was in Cuba for two months, most of the time with the Castro forces. The Cuban leader told him, Flynn said, "that from the morale point of view it (his being there) helped. Being an American of some prominence—this helped these men who had been fighting for 5½ years."

## PORT EWEN NEWS

### Village Notes

Mrs. Nobel Garrison and daughter Cherri Ann have returned home from Benedictine Hospital.

Miss Edith Lowe has returned home after spending the Christmas holidays with her sister and brother-in-law, Mr. and Mrs. Alexander Secor of Riverdale, Md.

Joseph Beaver of the naval aviators school of Washington, D. C., is spending the week-end with his parents, Mr. and Mrs. Paul Beaver.

All members of the Port Ewen Fire Company may attend the annual banquet to be held Saturday 7 p. m. at the firehouse.

The Ever Ready Club will meet at the home of Mrs. Gladys Potter Monday at 8 p. m.

The following trustees of the Methodist Church were elected at a recent meeting: Donald Stine; reelected were A. H. Short and Wallace Mabie, all for a term of three years beginning in May.

The Dorcas Society will meet Tuesday at the Reformed Church at 8 p. m. Members will bring sandwiches and a small gift for the social hour. Committee for the evening will be Mrs. E. S. Aquil, Mrs. Mae Whitaker and Miss Helen Schryver.

## Math, Science

### 3,352 Teachers

## Take Refresher Courses: Report

ALBANY, N. Y. (AP)—Education Commissioner James E. Alton Jr. reported today that 3,352 public school teachers have taken refresher courses in mathematics and science.

The program approved by the 1958 Legislature attracted 2,202 elementary teachers and 1,150 secondary teachers, he said. The courses, keyed to the nuclear age, are designed to keep teachers up to date on the latest developments in science and technology.

The Legislature appropriated \$480,000 for the program. Dr. Alton and the Board of Regents have asked the Legislature to continue the appropriation.

## Ulster Park Woman Wins Year's Groceries

Mrs. Aimo J. Aho of Ulster Park was the grand prize winner of a year's free groceries in the "Name the Salad" contest sponsored by the Saratoga Foods Division of H. P. Hood & Sons. Mrs. Aho obtained her application at the Great Bull Market stores in Kingston, where she will receive \$25 worth of groceries a week for the entire year.

The recent contest for the \$1,300 worth of groceries attracted more than 3,000 entries from western Massachusetts, Vermont and upstate New York.

Mrs. Aho resides with her husband and two-year-old son, Conrad, at Hardenburgh Road, Ulster Park. "This is the most wonderful news we've had in a long time," she said when notified of her good fortune.

## Freeman Officers

Following the annual meeting of the stockholders of The Freeman Publishing Company held today at 10 o'clock at the main office, Freeman Square, the board of directors met and elected the following officers for the coming year: Lucia de L. Klock, president; Frederick Hoffman, vice president; Harry du Bois Frey, secretary and treasurer. The inspectors of election were Harry S. Hutton and Milfred J. Buddenhagen.

## Glancing Over TV Bill of Fare

By CHARLES MERCER  
NEW YORK (AP)—Here are some network programs I expect to watch in the coming week—and my reasons why.

On Saturday Perry Como's guests on NBC include Rosemary Clooney, the Kingston Trio, Jane Wyman. In the past week three viewers have told me they think Como is tired or growing indifferent. Is he?

Also on Saturday over NBC comes the premiere of another Western, "Black Saddle," a series about a one-time gunslinger turned lawyer. Presumably students of Westerns will want to see if they can find a difference between this one and others.

## Talks With Senators

On Sunday, CBS will show a special hour-long series of interviews with new U.S. senators—a first—hand way of discovering what these men are like. Later on CBS there is the first in a new series, "Behind the News," with Howard K. Smith, designed to give one a deeper insight into important world events.

Edward R. Murrow's "Small World" presents the second part in an opinionated, animated three-way conversation involving soprano Maria Callas, conductor Sir Thomas Beecham, and pianist Victor Borge.

At 7:30 p. m. Sunday there's quite a choice on all three networks. On CBS Jack Benny is joined by Barbara Stanwyck in "Autolight," a parody of the drama "Gaslight."

At the same hour on ABC "Maverick" will also do a spoof called "Gunshy," with characters resembling the cast of "Gunsmoke." Same time on NBC is the premiere of "The Music Shop," starring Buddy Bergman, a live half-hour variety series starring recording artists.

Personally, I'll be watching Benny.

## Remurs on Storybook

Monday ABC launches its reruns of "Shirley Temple's storybook" with "The Sleeping Beauty." The series will be presented every third Monday. On NBC the Bell Telephone Hour presents "Adventures in Music," offering Harry Belafonte, Renata Tibaldi, Maurice Evans, the New York City Ballet and the Baird Maronettes.

On Tuesday, I'll take a look at Garry Moore's CBS show when his guests will include Ella Fitzgerald, Carol Haney and Andy Griffith.

Friday via NBC Bob Hope presents another of his hour shows. This one is made up of filmed highlights of his recent tour of United States military bases in North Africa and Europe. His guests will include Gina Lollobrigida, Yul Brynner, George Sanders, Hedda Hopper, Molly Bee, Jerry Colonna. Hope's shows are always fun.

## Fire Ruins Eight Buffalo Stores

BUFFALO, N. Y. (AP)—A raging fire left eight small stores in a north side shopping district in smoking ruins today. Damage was put at \$250,000.

More than 100 firemen fought the blaze that destroyed the one-story brick structure. It broke out before midnight.

The building housed three shoe stores, a children's clothes store, three dress shops and a drug store.

Firemen battled to keep flames away from an adjacent store and a nearby school building. Three firemen were hurt, none seriously.

Cause of the fire was not immediately determined. Fire officials estimated the loss.

## Attorney, TV Producer Call on Marie Torre

JERSEY CITY, N. J. (AP)—Boston attorney Joseph N. Welch and TV Producer Robert Montgomery paid a call on columnist Marie Torre Thursday.

They visited the New York Herald Tribune syndicate writer in Hudson County Jail, where she is serving a 10-day prison sentence for contempt of court.

Both told newsmen the call was strictly social.

Welch won nationwide fame as Army counsel during the televised McCarthy hearings and has since appeared as commentator on several TV programs.

Miss Torre, 34 and the mother of two, went to jail Monday rather than reveal the source of an item in her radio-TV column about singer Judy Garland.

## Synagogue News

### Ahavath Israel

Ahavath Israel Congregation, Spring and Wurts Streets, Jacob Rubenstein, rabbi, announces its schedule of Sabbath worship services. Friday candlelighting, 4:26 p. m. Services, 8:15 p. m. in the synagogue. Oneg Shabbos, sponsored by Mr. and Mrs. Herbert Siller, in honor of the birthday of their son, Jack, will take place in the vestry after the services. Saturday services at 9 a. m. in the vestry. Sunday school will meet 9:45 a. m. at the Jewish Community Center. At 8:30 p. m. the second adult Bible discussion group will meet in the home of Dr. and Mrs. Bernard Cohen at 8:30 p. m. Monday, the Men's Club will meet in the vestry at 8:30 p. m. Thursday the advanced adult Bible discussion group will meet at the home of Mr. and Mrs. Harry Harding at 8:30 p. m.

### Agudas Achim

Congregation Agudas Achim, 24 West Union Street, H. Z. Rapaport, DD, Rabbi—Open daily for prayer and meditation. Minyan services daily, Shachris at 7 a. m. Maariv at 7 p. m. Friday Kabbalas Shabbas services 4:20 p. m. Saturday services 8:30 a. m. Rabbi Rapaport will speak on "Faith in God." Mincha service Saturday 4:20 p. m. will be followed by the Rabbi's lecture on the Psalms. Sunday 8 a. m. services. Minchas service Sunday 4:30 p. m. Sunday morning classes in the center at 9:45. Hebrew school will meet afternoons at the center after regular school.

### Must Start All Over

ALBANY, N. Y. (AP)—A state worker fired by the Harriman administration must begin a new court fight to get back his job, the Court of Appeals says.

The state's highest tribunal unanimously reversed Thursday a lower court ruling that Lee J. Behringer of Amsterdam be reinstated as Albany district administrator of the Workmen's Compensation Board. The job paid \$8,000 annually.

The board had appealed from a decision of the Appellate Division, third department.

The Court of Appeals held that the case should be retired in State Supreme Court to determine whether Behringer actually performed policy-making duties. The board claimed he did. Behringer contended that his powers and duties were shared by others and were restricted narrowly.

## Central-Pennsy Merger Fizzles, Others Possible

By WILLIAM FERRIS  
AP Business News Writer  
NEW YORK (AP)—A possibility of other Eastern railroad mergers arose today from the short-lived and busted romance of the New York Central and Pennsylvania railroads.

The Central directors suggested Thursday that a study be made to create three or four rail systems in the East. Pending that, they added, no further steps should be taken toward a corporate merger of the Central with the Pennsylvania.

This was a fairly bitter pill for the Pennsylvania, although the Central directors sweetened it with the statement that they were pleased with results of the merger study and urged immediate "appropriate coordination of facilities which would result in substantial savings."

The possibility of merging the many Eastern lines into three or four major systems has been envisioned for years, with such roads as the Pennsylvania, New York Central, Baltimore & Ohio and Erie each heading one system.

Such a plan would leave the Central and the Pennsylvania in a very competitive position. It had been apparent for several months that the Central was cooling on the merger idea. Its officials, mostly new to the road, believe they have improved the rail plan to a point where it can make big money with a return of boom conditions.

## Purse Snatched From Woman, 70; Second Incident

A second uptown purse snatching within a month was reported to local police last night.

A report at 9 p. m. said the pocketbook of Mrs. James Riley, 70, of 189 Pine Street, had been snatched at St. James and Prospect Streets. The purse contained some change and other items.

Another purse was snatched from a woman last month on Fair Street and Maiden Lane. Descriptions indicate that in each case the snatching was by a young man said to be tall and thin.

Officer Harold DeGraff and Gurnsey Burger Jr., of the detective division, along with officers Raymond Wells, Robert Bonesteel, John Houghtaling and Weston Hoffay, were assigned. The area was searched, but no one fitting the description given was found there.

Police were notified of the theft in a telephone call from Hamburger Paradise, 19 St. James Street.

about next week?

The church usher was instructing his youthful successor in the details of his office. "And remember, my boy, that we have nothing but good, kind Christians in this church--until you try to put someone else in their pew."

The hotel clerk was growing impatient as the newcomer took so long to read the names on the register.

Hotel clerk--Just sign on that line, please.

Newcomer (indignant)--Young man I'm too old a hand to sign anything without readin' it.

To take a great weight off your mind, discard your halo.

City slicker--What does your son do for a living?

Farmer--He's a boothblack in the city.

City slicker--Oh, I see. You make hay while the son shines.

Man (to friend he hadn't seen for years)--How is your wife?

Friend--She's in heaven.

Man--Oh, I'm sorry. (Then he realized that was not the thing to say, so he added.) I mean, I'm glad. (And that was even worse. He finally came out with) Well, I'm surprised!

# Kingston High Threatens to Bolt DUSO

## Protests Plan To Restore Round Robin Football

Kingston High School will pull out of the DUSO League, if league members vote to restore the "round robin" schedule in football, the Board of Education said last night.

The dramatic announcement was backed by the solid support of the Board members.

The so-called round robin is a system whereby each school plays the other a home-and-home series. Such a plan would add to eight games, since there are five DUSO League schools and confine all activity within the league.

DUSO football members are Kingston, Port Jervis, Middletown, Poughkeepsie and Newburgh.

### Dropped In 1950

The round-robin was instituted during the wartime period because of travel and gasoline restrictions. It was abolished after the 1950 season.

Feeling of the local board which held its January meeting last night was that the plan, reportedly favored by several of the DUSO teams, was foolish and unnecessary.

It is understood that agitation for restoration of the round robin has emanated from at least two sources in the DUSO.

### Agitation For It

Coach C. Warren Kias, athletic director at Kingston High, said today that Pete Roberts of Ellenville, secretary of the DUSO Athletic Council, had approached him on the subject some time ago and informed Kias that "some schools" were favorable to restoration of the round robin. He asked Coach Kias to sound out the local board sentiment. The board gave its answer last night.

Members of the board agreed there should be no compromise and that if the league voted for the round robin over the protest of Kingston, the Maroon would have no alternative but to withdraw from the five-city football circuit.

Kingston High came out strongly against the home-and-home schedule after the war, but it was retained until the 1950 season.

Coach Kias said he was even more opposed to the idea today than he was in 1950.

Board president, Robert H. Herzog, said he had never heard of such a schedule anywhere else.

### Hint Firm Stand

Another member of the board pointed out that one team might beat another 30 to 0, then must play that same team again, a bruising experience for the losing squad and no interest from the school or spectator angle for the winning side.

It was pointed out that scheduling of games between the same two teams was common practice in basketball and baseball, but not in football.

After much discussion, it was the feeling of the board that it should take a firm and unequivocal stand without compromise.

### Veck's Return

#### Fans Sale Rumor

CHICAGO (AP) — Bill Veck returns to Chicago today after a visit in Cleveland, keeping reports hot that he will buy control of the Chicago White Sox.

Veck has an option, valid until Feb. 15, to buy the 54 per cent of Sox stock controlled by Mrs. Dorothy Comiskey Rigney.

Vice President Chuck Comiskey owns the other shares and Veck has been trying to buy them, too. Chuck steadfastly has refused to sell.

The 32-year-old grandson of the club's founder wants to gain control himself and has made his sister a counter offer.

Jerry Oster and Hilda Murphy of Kingston will be in the field of 288 bowlers competing in the prelude to the 18th annual All Star bowling tournament at the Connecticut Street Armory in Buffalo. Oster earned a berth by winning the New York State Bowling Proprietors Match Game championship in Kingston last spring. Mrs. Murphy won by district eliminations for women.

The male winner was Don Rampe of Liberty, who is also in the field. The formal shooting starts Saturday.

## Ski Reports

ALBANY, N. Y. (AP) — Skiing conditions as reported Thursday to the State Commerce Department:

Allegany Peak — (Bova) 1 powder, 3 packed, 0-8 old base, good. (Big Basin) 1 powder, 6 settled, 6-14 old base, good.

Belleayre — 2 powder, 1-7 base, upper level poor, lower good.

Birch Hill — (Cortland) 2-10 powder, 6-8 frozen, fair to good.

Crossinger — 6 machine-made, 25-29 hard, excellent.

Holiday Mt. — (Monticello) 1 granular, 10-20 base, good.

Holiday Valley (Ellicottville) 2 powder, 2-4 settled, 4-14 base, good to excellent.

Kiamasha Lake — (Concord) 3-5 fresh machine-made, 10-20 packed, good.

Lake Placid — (Fawn Ridge) 2 powder, 14 base, good. (Kohl Mt.) 1 powder, 12 base, good. (Marcy Hotel) 1 powder, 12 base, good.

North Creek — 10-14 packed, fair to good.

Old Forge — (Maple Ridge) 21 packed, good. (McCauley Mt.) 20 packed, good.

Saranac Lake — 1 powder, 12 base, good.

Snow Ridge — (Turin) 28 packed, good.

Speculator — 1 powder, 28 base, good.

Swain — 1 settled, 3-12 granular, fair.

Whiteface — Frozen granular with icy patches, 3-17 base, poor.

Willard Mt. — (Easton) 1-10 hard, fair.

Youngs Gap — (Liberty) 6 base, fair.

Centers Operating Weekends

Alpine Meadows — (So. Cortland) Wind-blown powder, 10-12 packed, good.

Bear Mt. — (Silvermine) 4-14 packed, fair.

Catamount — (Hillsdale) 3-6 fresh machine-made, 3-8 base, good.

Cooperstown — 1 powder, 2-6 frozen, good.

Farmstead State Park — 12-18 packed, good.

Hickory Hill — (Warrensburg) 2 granular, 4-12 packed, fair to good.

Highmount — 1 new, 2-7 frozen granular, poor to fair.

Labrador — (Tully) 4 powder, 8-12 base, excellent.

Phoenicia — 4-7 hard, fair to good.

Roxbury — (Vega) Icy surface, 2-13 packed, poor.

Royal Mt. — (Johnstown) Wind-blown powder, 18, hard, poor to fair.

Snow Crest — (Cortland) 2-10 powder, 6-8 frozen, fair to good.

Toggenburg — (Fabius) 9-6 drifted powder, 4-12 base, fair.

Tupper Lake — 3 powder, 13 base, excellent.

## SPORTS

By CHARLES J. TIANO

Freeman Sports Editor

Women, especially the mothers of the young heroes, are so invited to the civic testimonial dinner for the Kingston High School football squad Monday night. And whoever said they weren't?

So, let's see as many of the distaff side as possible on hand for this gala occasion in KHS football history. This is a night of rejoicing, a night of triumph and we urge the fullest community participation possible.

### • Flotsam and Jetsam:

Harry L. Edson, the venerable assistant to the superintendent of recreation, has received a nice letter from Chuck Connors, the former Kingston Recreation first sacker, who is the star of the TV show "The Rifleman." Connors played wartime time ball with the Recreation, spent some time with Montreal in the International League and a brief stint with the Brooklyn Dodgers. His stay with the Dodgers of the Leo Durocher period was more notable for the volume of clubhouse wit and humor he dispensed than for any solid contribution to the Brooklyn boxscores. He was the camp jester with a theatrical flair that is paying handsome dividends these days. . . . George Young, well known to Kingston bowlers, challenges Carmen Salvino on Bowling Stars Sunday at 4:30 on ABC-TV. Young, who has made frequent exhibition appearances and once acquired a local girl, bowls out of Detroit and has won titles from coast to coast. He is the current ABC Tournament 10-year average leader with 207. He also holds the all-time record for most consecutive 1800 all-events totals in ABC play, having done it nine years in a row.

### • This and Data:

Golfers can still have the bargain rate for grounds as well as clubhouse tickets to the U. S. Open championship at Winged Foot Golf Club in Mamaroneck the week of June 8-13. . . . Because of the New York newspaper strike, which prevented announcement of the Dec. 25 closing of the grounds-clubhouse privileges, chairman Walter Kolb of Winged Foot has extended the bargain sale to January 13. Also, warns Chairman Kolb, clubhouse privileges to non-members will be in short supply thereafter. For twenty bucks this is a solid bargain and it may be many years before the Open gets that close to Kingston again. . . . Bob Stone, former Kingston newspaperman associated with the Federal Electric at Paramus, has just returned from a trip to Anchorage, Alaska, with the note too original (for a press agent) remark: "Boy, it's cold!" . . . William Kazanowski of Route 1, Kingston, has been certified as an instructor for the Hunter Safety Course sponsored by the National Rifle Association of America. . . . And you know what the Wiltyweck boys are doing to amuse themselves these days? Playing ping pong in the dining room!

### • Of Men and Mice:

The Boston Celtics coach, Red Auerbach, claims that basketball players, contrary to the opinion held by most fans, gain weight during the season. "Because they have regular habits," said Red, "and their output of activity gives them good appetites. I know that any player who reaches 29 years of age and comes to fall training overweight, will not be around long after that." . . . Larry Costello of the Syracuse Nats is rapidly gaining recognition around the league for his terrific speed and as a defensive leech. And Slater Martin says of Costello, "He fires you out offensively and you don't get by him much on defense either." . . . A summer bowling league in California issued sets of league rules which included the following: "No team may have more than 102 individuals on its roster at any time." Ah, those typographical errors!

Rubber-padded hurdles in steeplechases were tried out on English tracks. Most jockeys ranked them better than the old ones. Johnny Gilbert was a notable exception: "As far as I am concerned they are no different from the others," he said. Gilbert no doubt took the position that only the horse could tell the difference."

### Heat Treatments

#### Planned for Olmedo

PERTH (AP) — Alex Olmedo again had a series of heat treatments today for the strained stomach muscle which forced him out of the West Australian Tennis Championships.

His physician said the sore spot was much relaxed. He indicated that with several days rest and further treatment the United States Davis Cup star from Peru would be in good shape for the Australian national championships beginning Thursday in Adelaide. Olmedo defaulted to Andres Gimeno of Spain in the singles semifinals.

### Flash Flood

A cloudburst or gully-buster is the description given to a torrential rain best known as a flash flood. The Weather Bureau's official definition of a flash flood is "a local flood which rises and subsides rapidly."

### Pietrosante Signs

#### Two-Year Contract

DETROIT (AP) — Nick Pietrosante, Notre Dame fullback, has signed a two-year contract with the Detroit Lions, the Associated Press learned today.

A reliable source said the bruising fullback will receive \$28,000 over two years, the figure counting both salaries and bonuses. This is one of the highest prices ever paid a rookie by the Detroit club.

Pietrosante, after leading the Notre Dame offense in his senior year, starred in the East-West post-season game.

### Oldest in America

Three of the oldest houses of worship in America are located in Newport, R. I. They are the Quaker Meeting House, built 1699; Seventh Day Baptist Meeting House, 1729, and the Touro Synagogue, 1763.

## The Rundown on Scholastic Games

By ED PALLADINO  
Freeman Sports Staff

Nine scholastic cage contests are scheduled tonight, with the Kingston at Newburgh game topping the card. Important tilts are listed in the DUSO, UCAL and DCSL leagues are the eagles roar towards the mid-term break.

Here is a brief look at the schedule:

### DUSO League

**KINGSTON at NEWBURGH** — The league championship could very well be decided on this one. Two arch rivals with 5-0 records will collide and a standout attraction is promised. The home team rates the favorite role. Newburgh has a veteran squad headed by LeRoy Riley, a certain All-DUSO selection. Kingston has come a long way since the opening of the season. A superlative team effort is needed to win this clash.

**MIDDLETOWN at PORT JERVIS** — Alas, the Middies are still looking to win the first one. This isn't the time. The Porters are too big and they have the advantage of playing at home. Middletown has come close to winning on two occasions. They figure to be close again, but will still be winless after the game.

**POUGHKEEPSIE at LIBERTY** — This is a lean year for Sam J. Kalloch. He can expect trouble at the Sullivan County court where the Indians perform notably well. The Pioneers will be fortunate to finish with a .500 percentage. Liberty is moving ahead dropping a pair of tough ones.

**ELLENVILLE at MONTICELLO** — The Monties are still riding cloud seven. They have won four straight and figure to make it five tonight. Ellenville gave Newburgh a stout battle, but the Mounties have too much all-around strength and hustle. However, a good, close game is anticipated.

### UCAL League

**HIGHLAND at NEW PALTZ** — A battle of the pixies. Both quintets have lost two straight league games. Highland has scored more and should trim the punchless Huguenots. This is a big rivalry between the schools.

**ROUNDOUT at MARLBORO** — The home side rates an edge here. It has a 2-0 mark in loop play while Roundout has bowed twice. Marlboro looks to be the

### Vezina Trophy Goes to Plante

By THE ASSOCIATED PRESS

Jacques Plante, Montreal goal tender, and the Chicago Black Hawks were the talk of National Hockey League fans today.

Being talked about is nothing new for Plante. He's won the Vezina Trophy as the NHL outstanding goalie three straight years.

But being talked about, favorably that is, is an entirely new experience for the Hawks. Not since 1952-53 season have they even been in the Stanley Cup playoffs.

The Hawks boast an eight game unbeaten streak comprised of six victories and two ties after defeating the Boston Bruins 4-2 Thursday night. They're still 10 points back of the Montreal Canadiens, who blanked Toronto 3-0 for Plante's sixth shutout of the season. But more important is that they lead the third-place New York Rangers by six.

Veterans Todd Sloan and Ted Lindsay provided the Hawks with the winning goals.

In shutting out Toronto for the second time this season, Plante turned back 25 shots without hardly drawing a breath. He received offensive support from Maurice Richard, Andre Pronovost and Bob Turner.

## Moose Shuffle Squad in Lead

Moose Club of Poughkeepsie defeated Village Rest, 11 to 1, to move into first place in the Mid-Hudson Shuffleboard League. In other games, Lincoln Park and Helen's Restaurant tied at 6-6 and Reid's Hotel nipped McCaffrey's, 7 to 6.

### League Standing

	W	L
Poughkeepsie Moose	28	8
McCaffrey's, Kingston	23	13
Reid's Hotel	22	14
Lincoln Park Inn	20	16
Helen's, Poughkeepsie	11	25
Village Rest	4	32

# Sports Feature Kingston Colonials

★★★ (A Baseball Legend) ★★★

Do you know that the original Kingston Colonials (1921-1927) played nine games against five major league baseball teams?

Do you know that the late Matty Deegan stole the show from the immortal Babe Ruth by hitting a 2-out, ninth-inning home run as the Colonials nipped Bay Ridge 1-0?

Did you know that Supreme Court Justice Harry E. Schirick organized and managed the fabulous Kingston Colonials to a rating as one of the strongest teams in the history of independent baseball?

Did you know that Buck Ewing, fabulous Negro catcher, hit more home runs against the Colonials (including 3 in one game at Stamford) than any other player?

These and other interesting highlights of the brilliant regime of the original Kingston Colonials will be revealed in a series compiled by Sports Editor Charles J. Tiano and starting on the sports pages of The Daily Freeman on Monday.

## St. Joseph's, Immaculate Win in CYO

St. Joseph's girls' squad overwhelmed St. Mary's "O" five, 30-9, in Girls CYO basketball competition. In a companion game, the Immaculate Conception squad edged St. Mary's "Y", 10 to 6.

Marilyn Long scored 12 points and Janet Lane hit 10, all from the field, for St. Joseph's. Carolyn Denton added four baskets. June Lange paced St. Mary's with six. Carolyn Skop of the Immaculate Conception team scored six points.

The scores:  
**ST. MARY'S Y (6)**—Marion Domenico, Rose Deure-2, Kathy Kennock, Lorraine Steinhilber, Pat Spadafora, Ann Hallinan, Pat Bush, Kathy Geisel, Pat Steinhilber, 2 Terry Corcoran, Catherine Deure 2, Rhonalia Leudtke, Jo Dell Harlow.

**IMMACULATE CONCEPTION (10)**—Phyllis Komosa 2, Carolyn Skop 6, Mary Ann Gorman, Roseann Stepski, Marie DeCicco, Peggy Bujak, Peggy Nickerson, Laura Turk 2, Colleen Miller M. Stepski, Judy DeCicco, J. Benicase.

**ST. MARY'S O (9)**—Silvana DeCicco, Donna Wells 3, Marie Alecca, Barbara Corkery, June Lange 6, Mary Callahan, Jeanne Matthews, Margaret McDermott, Diane Berinato, Joan Perry.

**ST. JOSEPH'S (30)**—Marilyn Long 12, Marilyn Warren, Kathy Browne, Janet Lane 10, Carolyn Denton 8, Martha Showers, Emily Kazewski, Christina Chmura, Jo Ann Stratton, Judy Wadnola.

### Peering Eyes

CARLTON, England, (AP)—A bus stop near a hairdressing salon in this Nottinghamshire village may be moved because women customers complain men on the top decks of buses stare at them.

## Cepeda NL Rookie Of the Year

BOSTON (AP)—Orlando Cepeda, heavy-hitting first baseman for the San Francisco Giants, today was named the National League's rookie of the year for 1958.

The 21-year-old Puerto Rican was a unanimous choice for freshman honors in balloting by the Baseball Writers' Assn. of America.

Cepeda, a husky 6-2, 200-pounder from Ponce, P. R., won a berth with the Giants last spring after a sensational 1957 season with Minneapolis of the American Assn.

Cepeda gathered the votes on all 21 ballots counted under the supervision of BBWAA secretary-treasurer Hy Hurwitz. Three writers in each of the National League cities were eligible to vote but three ballots were missing.

The son of a former Puerto Rico League player, Pedro Cepeda, the young San Francisco slugger kept the Giants in the thick of the pennant race until late in the season.

Cepeda, who bats and throws right, wound up with a .312 batting average, seventh in the league with 25 homers and 96 runs batted in. He had 309 total bases, including 38 doubles and four triples, to rank fourth behind Ernie Banks, Willie Mays and Hank Aaron in that department.

## VFW Colleens, Nightingales Win Cage Tilts

VFW Colleens came from behind to nip the Clowns, 21-20, and Nightingales downed the Grovians, 21-15, in the Women's basketball league last night.

The Colleens trailed 14-9 at the half but limited Clowns to six points after the recess. Jane Davidson of the Clowns was high scorer with 12 points. Carolyn Skop paced the Colleens with 9.

Nightingales built up a 19-7 lead at the half and breezed to the win despite a scoreless fourth period. Judy Kelder of the Clowns and Betty Ann Bentley of the Grovians starred with 8 points each.

The scores:

**Nightingales (21)**

Madajewski 2 1 0 3

Kelder 4 0 1 8

Ringrose 1 0 2 2

DePola 3 0 0 6

## Nats-Royals 283 Points Is New Record in NBA

By THE ASSOCIATED PRESS

The Syracuse Nationals, displaying no signs of tiredness while playing their fifth game in seven nights, and the Cincinnati Royals joined to rewrite the National Basketball Assn. record book Thursday night.

The Nationals whipped the Royals 145-138 in three overtimes at Cincinnati for their fourth victory in five games.

The combined total of 283 points bettered by one the league mark set by Syracuse and St. Louis Dec. 21, 1957. In that game St. Louis defeated the Nats 146-136.

The 146 points is the league record for a winning team and the 136 was a circuit mark for a losing team until the Royals tallied 138.

In the only other game Thursday night, the Minneapolis Lakers edged the St. Louis Hawks 95-93 at Dallas.

**Twice From Behind**

The Nationals had to come from behind in the regulation game and in the first two overtimes before outscoring the Royals 11-4 in the third extra period.

The Royals took a 119-115 lead with a minute of regulation time left. But free throws by Ed Conlin and field goal by Johnny Kerr tied the score at 119. In the first extra period the Nats had to come from three points back and in the second they were four down be-

## Coach Woblers Ill

# State Teachers Five Set for Two Contests

Woodstock Fives

In Action Tonight

Woodstock Juniors play Elston's Sport Shop of Kingston in one half of a double-header tonight at the Woodstock school gym. Game time is 7:30 p. m.

Woodstock Oldies take on Byrne Chevrolets of Kingston in the second game.

**Fights Last Night**

Boise, Idaho — Glenn Burgess, 146, Boise, outpointed Dick Goldstein, 150, Seattle, 12.

Los Angeles — Boots Monroe, 118, Compton, Calif., outpointed Joe Medel, 115, Mexico City, 10.

Rome, Italy — Italo Scorticini, 162, Italy, stopped Franco Scisciani, 158 1/2, Italy, 8.

fore rallying to tie.

Kerr and Dolph Schayres paced Syracuse with 30 and 28 points, respectively. But they were topped by Cincinnati's Jack Twyman, who had 41.

Bob Pettit gave a terrific fourth period display of scoring en route to a 29-point performance but the Lakers hung on for their victory over the Western division leaders.

Waterbury, Maritime

Cagers at New Paltz

Resuming action after the Christmas recess, New Paltz State Teachers quintet is scheduled to play a doubleheader at the county gym this weekend.

The Hawks take on Waterbury (Conn.) State Teachers tonight and on Saturday night will face the New York Maritime College squad from Fort Schuyler.

Dr. William J. Haggerty, president of the college, announced today that basketball coach Charles P. Woblers was recently taken to the Kingston Hospital, where he is under observation.

Woblers is expected to be back on the campus in the near future.

In the meantime, Dr. Loren D. Campbell, baseball and cross country coach, has been directing the team's practice sessions for the coming games. Campbell was head basketball coach at New Paltz from 1936 to 1956, when Coach Woblers was added to the college staff.

Richard J. Gatling, chiefly known as inventor of the rapid-fire gun, also invented the first wheat-cutting machine in the United States in 1830.
